Sunday 12<sup>th</sup> February 2023

February has been a kind month so far. Last Saturday at 10 o'clock the Lucan Tidy Towns met up for the first time since the Christmas New Year break. There was great enthusiasm to get down to business. Several beds were tidied up and cleared. The flower pots around the Village Green got a makeover and are looking way more cheerful.

We were pleasantly taken aback just after we met up when a gentleman passing by made a very generous donation. It's not the first time this gentleman has done this and we thank him most sincerely.

This Wednesday we had a very useful meeting with local Council staff member Michelle N to plan some new initiatives in the year ahead. More than ever there needs to be a bigger emphasis on pollinator friendly planting and biodiversity. Pollinator friendly plants and shrubs can be

just as attractive and colourful. Examples of well-known perennials are hellebores, pulmonaria, catmint, delphinium, salvia and verbenas. It was encouraging to hear that some estates are looking at letting some areas go un-mown to create a wildflower meadow. We are looking forward to seeing how these will turn out.

We are always happy to welcome new volunteers with new ideas so maybe you might consider joining us.

**We meet on Saturday mornings at 10, usually at St. Joseph's school layby.**

Chair*

### Buying a Second-hand Car

It is often much cheaper to buy a second-hand or used car. You can buy a used car: From a garage or car dealer, At a car auction, Through a newspaper advert or online marketplace.

If you buy a used car from a trader (a garage, car dealer, or a business selling on an online marketplace), you have similar consumer rights as when buying a new car.

You can expect the car to meet the certain conditions of quality and durability and match what was set out in the contract. While you can't expect a used car to be the same standard as a new one, the quality should reflect the price you paid.

You may be entitled to certain remedies if something goes wrong after you buy. Remedies could be a repair, replacement, refund or price reduction. Read more about your consumer rights and problems with faulty goods.

If you buy a used car from a private seller or at an auction, you have fewer legal rights.

### Buying from a garage or car dealer

When you buy a used car from a trader, you have a number of rights under consumer law. Garages and car dealers must treat you fairly, whether they are selling from a business premises or online. They must make sure the car is safe and must give you enough information to make a decision based on facts. You can read more about your consumer rights. Find out if the trader has a good reputation by asking other people or by checking online reviews.

You can check if the trader is a member of an association such as the Society of the Irish Motor Industry (SIMI). Members must follow the SIMI code of ethics. This includes doing checks on second-hand vehicles and sorting out any issues that arise. You can check the online list of SIMI members.

**Before you buy from a garage or a car dealer, you should:** Ask about the history of the car and the number of previous owners. Many dealers will provide a report on this.

Ask if a written warranty (or guarantee) is available. Check the car for wear and tear. For example, check the tyres, wheel arches, oil, seatbelts, lights and wipers. The trader should point out any defects or problems to you before you buy.

Get the necessary documents. You must be given a National Car Test (NCT) Certificate (if the car is over 4 years old) and Vehicle Registration Tax (VRT) Certificate (if the car is imported). Ask for the car's service book and the handbook or manual. Check the odometer reading (the measure of distance travelled). Previous odometer readings are printed on the NCT certificate and the most recent NCT reading is shown on the NCT disc. Compare this with the reading that is currently on the car's dashboard odometer. If the distance shown on the disc is higher than the one on the odometer, it may mean the odometer has been altered (clocked).

The Road Safety Authority has more information on odometer readings and verification.

Ask for two sets of keys for the car and a signed receipt for payment.

**Buying at a car auction:** If you buy at an auction you don't have the same rights if the car is 'sold as seen'. You cannot hold the auctioneer responsible for any faults you find in the car after you bought it. By bidding at the auction, you agree to the auctioneer's conditions of sale.

If the car is 'sold as seen' it is up to you to do the necessary checks by inspecting the car before bidding. It may be a good idea to get a mechanic to examine the car before you make a bid. Used cars bought at an auction, generally do not come with warranty (or guarantee) unless the car manufacturer's warranty is still valid.

**Buying from a private seller:** Private sellers advertise used cars through third-party auction websites, online marketplaces or in the small ads section of newspapers and car magazines.

If you buy from a private seller, you have very few legal rights. Consumer laws only apply to deals between a consumer (a person who buys a good or service for personal consumption) and a trader (a person acting for purposes related to their trade, business or profession). It does not apply when you buy from a private individual who is not a trader, for example, someone who is selling their own car to you but who does not sell cars as a profession.

## Thank You

My name is Rachel and I wish to thank all the people who came to my assistance on October the 9th at the corner of Meadow View Grove and the Dodsborough Road.

When I fell and broke my shoulder, I'm sorry it has taken me so long to send out my thanks to you all, your help and kindness means so much even now, may you all experience a positive surprise for your kindness

## LUCAN TOASTMASTERS

Is 2023 the year to finally conquer your fear of public speaking?

*Do you have a speech or presentation coming up that you need help with?*

Do you want to make new friends?

## Good News about Divine Mercy

In February every year thousands of people gather together for what is called the **Divine Mercy Conference**. For the last two years, due to the pandemic the Conference could only be live streamed.

The good news is the Conference this year will be held, as before, in the Main Hall in the RDS. The theme will be **“Act justly, Love mercifully and Walk humbly with your God”**

It starts at **6pm on Friday 17<sup>th</sup> February**, until 9pm. This is especially for young people.

**On Saturday 18<sup>th</sup> February** from 10am there will be talks by well-known speakers. In the afternoon there will be Confessions, Stations of the Cross, the Rosary and the Divine Mercy Chaplet. At 5pm there is **Holy Mass**. Following a break, at 7.30pm there will be a **Healing Service and Eucharistic Blessing**.

**On Sunday 19<sup>th</sup> February** after a 10am start there will be more interesting talks and a **Holy Hour** before lunch. At 2.15pm there will be the Rosary, another talk, the Divine Mercy Chaplet and at 3.15pm **Holy Mass celebrated by Dr Dermot Farrell Archbishop of Dublin**. That will conclude the Conference.

If you can only attend on one of the days we recommend you go on the Saturday for the whole day including the Healing Service.

The weekend is a prayerful and uplifting experience and it is conducted in a very reverent and friendly atmosphere. There is beautiful music throughout the weekend performed by talented singers and musicians. Generally people bring their own food but you can purchase food from caterers if you prefer. In an adjoining hall there are stalls where you can buy religious books and objects while supporting different good causes. Divine Mercy devotions have been in St Mary's Parish Lucan since 2008. Unless it coincides with a funeral it is after the 10pm Mass every Wednesday until 11pm. During Adoration of the Blessed Eucharist we pray the Chaplet of Divine Mercy seeking God's mercy and forgiveness for ourselves and the whole world. In turn we strive to be merciful and compassionate towards others. Everyone is welcome to attend or to join with us on the parish live stream. Prayer is needed now with so much unrest and crisis in the world.

If you are unable to go along to the RDS, you can watch the event all weekend live on [www.divinemercyconference.com](http://www.divinemercyconference.com) or through Radio Maria on Saorview 210

## Esker Active Retirement Association

*Hi everyone,*

This week, we had a large crowd at our club, we were taking our yearly check subscriptions and we will take same in the next two weeks as well so if you didn't get to register today and pay your 25 euro, you've still got time. We played bowls, scrabble, whist and bridge today and everyone enjoyed the craic together. Four more new members joined today too.

Our first trip this year will take place on Monday 27th March, three nights, four days to Clonakilty Park Hotel. This was where we went for our very first club trip seven years ago and we had a fabulous time there. Hilda should be available next Wed to take names for this trip. We have over thirty people interested at the moment but that will probably increase very quickly. Plenty of spaces in our club if anyone else wants to join. Just drop in on Wed afternoons from 1.30pm till 4pm, St Andrew's Church of Ireland Hall, Lucan.

*Take care.*

## Hillcrest Residents Association

The Chairperson, Committee and members of Hillcrest Residents Association wish to express their deepest sympathy to Mary, Theresa, Olive, Nora and Declan on the recent sad passing of their beloved husband and father, Tony Brophy.

A founder member of our Association, Tony took immense pride and interest in the development of our fledgling neighbourhood and became an inspiration and motivation to others in building the community that exists today and for which we are so grateful. He will be sadly missed.

**Happy Valentine's Day** to all our Readers on Tuesday next! Go easy on the chocs!

Surprised to see St. Valentine's name missing from the Church Calendar on 14<sup>th</sup>, and two other saints mentioned there. Turns out that several saints share the same feast day – still you'd think poor old Valentine would get a mention on the day!

**St. Brigid's Bank Holiday** turned out to be a nice treat with the lovely sunshine on the day. She certainly was looking down on us!

## Seasonal Miscellany February 2023

- Translucent trees and hedgerows are intimations of spring's awakening while the earth-music of birdsong is a bright prayer under the high dome of heaven.
- On a recent Strawberry Beds journey, litter-filled bags were placed at collection points. Bravo to all!
- An ancient lime kiln can be seen at Hawkrige property close to Lucan Golf Club.
- Art Works on hoarding at old Ormond Hotel site was donated by the Brazilian Embassy, a memorial to Independence Day in Brazil, and also depicts a Dublin football jersey.
- Our Orthodox communities celebrated their Christmas festival on January 6<sup>th</sup>, in their church at Arbour Hill, while New Year is January 14<sup>th</sup> (Julian Calendar).
- A fascinating exploration of James' Streets San Diego Camino Way was recently facilitated by Ms. Cully. An odyssey from St. James' C/I (now Pierce Lyons Distillery with its glass steeple, beautifully restored stained glass windows and an ancient burial arrangement to facilitate R/C internments – passing by St. James' R/C church and a search for a sign of Scallop Shell to denote pilgrimage path – further past old 'Frawleys' site where Skeletons of pilgrims were discovered during excavations – soon past John's Lane Augustinian Church on towards the drinking fountain on Lord Edward Street travelling to the Steyne Basin with its obelisk on the plaza near Pierce Street Garda station. Then onwards to the Spanish Camino in search of redemption.
- A visit to '*Banshees of Inisherin*' at the Lighthouse was redolent of the dark tragedy of our civil war and its ending pain (our extraordinary actors 'inhabited' their roles).
- "May memory bless and shelter us with the hard-earned light of our past and may we choose not to fear".

# SCHOOL NEWS

## Coláiste Phádraig CBS

**Awards:** Well done to 2<sup>nd</sup> yr **Hazem Ahmed** who won the *Mark O' Neill Student of the Month* Award for January in recognition of his exceptional work at the BT Young Scientist and Technology Exhibition.

Congratulations to 6<sup>th</sup> yr **Michael Cunningham** who won the *Sports Star of the Month Award* in recognition of brilliant display in the Dublin Senior Hurling Final.

Comhghairdeas freisin le **Jack O' Dwyer** ón rang 2 Fire a bhuaigh an gradam *Gaeilgeoir na Míosa* do mhí Eanáir mar gheall ar an sár-iarracht a dhéanann sé an Ghaeilge a labhairt agus an sár-obair atá déanta aige sa rang Gaeilge.

The three winners each received a 20euro voucher as well as a framed certificate to recognise their achievements.

Well done also to the class tutor student of the month winners who each received a 5euro voucher for the school canteen.

**School tour:** Good luck to the 31 TY and 5<sup>th</sup> yr students and 5 teachers who are travelling to the popular ski resort of Lavarone in Northern Italy during the upcoming mid-term break. The group will be spending six days there and they will be getting 4 hours of fun ski lessons from highly qualified instructors each day. The resort has an excellent network of downhill runs, ideal for beginners and intermediates alike. As they improve their skills and confidence, they will then get the opportunity to head down the more daunting slopes themselves, free style!

The group will be combining the skiing with various cultural visits and excursions so an exciting and educational week lies ahead for all travelling. They will also have numerous fun

evening "apres-ski" activities such as snow tubing, karaoke and bowling. They are staying at The Miramonti Hotel, which is just 5mins by bus to the slopes, which the hotel offers free shuttle service to. Each room has wonderful panoramic views of the surrounding mountains. We wish them all a safe and enjoyable school tour.

**Basketball:** Our 1<sup>st</sup> and 2<sup>nd</sup> yr basketball teams played their 2<sup>nd</sup> group matches of their Eastern League campaigns last Friday against Kishoge CC. Despite a much improved display from our 1<sup>st</sup> yrs, they were eventually beaten 34-18 with Conor Linnane, Jack Taafe, Alex Morley, Conor Gilmore, Conor Linnane and Mohammad Zamir getting the Lucan scores. Kishoge led by 2 by the end of the 2<sup>nd</sup> 1-4 but gradually pulled clear thereafter to claim the victory.

Our 2<sup>nd</sup> yrs produced an exceptional display to beat Kishoge 58-6 to follow up their impressive opening win over Drimnagh Castle. Lucan were effectively out of sight by the end of the 1<sup>st</sup> 1-4 as they opened up an unassailable 22-0 lead with the irrepressible Lewis Adjinakou leading the charge with 12 points and the influential Cian Kelly adding a further 6. Lucan coasted to victory for the rest of the game with every player making some important contributions to an excellent team display.

**Student news:** Congratulations to 1<sup>st</sup> yr Jonathan John who won a Samsung Galaxy A8 10.5 inch Tablet in a draw for visitors to the BT Young Scientist Exhibition last month. It was a nice reward for his interest in the Exhibition and his support for our participants.

**Geography:** All 1<sup>st</sup> yrs attended an Ordnance Survey of Ireland Satellite Imagery workshop last week. The extremely interactive and hands-on session demonstrated to the students how numerous space based data sources can be visualised using GIS and how this can help Ireland move towards the UN Sustainable Development Goals. The students were instructed to download the SatelliteSkill5 augmented reality app (designed to visualise complex space data) on their phones. They were then tasked with solving a series of intriguing challenges whilst harnessing the power of Satellites and Satellite data.

**LCVP:** Our 5<sup>th</sup> yr Leaving Cert Vocational Programme (LCVP) students were out on work experience for three days last week. They got a great insight into what working life is really like in various businesses in and around Dublin. The students returned to class this week where they did a debriefing with their teacher. They now must write up a work experience diary for their portfolio.

## St. Joseph's College

**Transition Year Work Experience:** Well done to all of the students who completed their two-week block of work experience and a huge Thanks again to all of the businesses and organisations for allowing the students to gain this invaluable experience. Our teachers have been busy checking in on the students' progress over the last week and the feedback has been extremely positive.

**Mock Exams:** Well done to all the students from 6th and 3rd year who have completed their Mock Exams over the last two weeks.

**Concern Debating:** Our Senior and Junior Concern debating teams were in action this week. We had great news to hear that the Junior debating team won their debate and the Senior debating team still await the result of their debate. Well done to both teams on competing in the competition and to their mentors Mr. Smyth and Ms. Hanlon for their work with both teams.

**Senior Camogie:** Unfortunately our Senior Camogie Team were beaten in the All Ireland Semi Final by a very strong St Marys side on Saturday last as they made the long trip up to Ballymena. The girls played against a strong wind in the first half and battled well but could not capitalise on the advantage of the wind in the second half. We are so proud of everything this team have achieved over the years here in St Josephs.

**Leinster Cross Country Finals:** We wish the best of luck to our First Year team in the Leinster Cross Country Finals that are being held this week in the Phoenix Park. This team have already won the west Leinster competition so we now hope they can take the next step and win the Leinster Finals.

**Transition Year Subject options Talk:** Following the mid-term break we will begin the process for subject options choice for the Leaving Certificate with Transition Year students. An information letter was sent out to all Parents /Guardians of Transition Years last week via the

school App. The students will have their subject options talk in school on the 23<sup>rd</sup> of February via zoom. A Parents Information Evening will be held on Tuesday February 28th at 7.30pm by Zoom (link will be sent through app on Tuesday February 28th).

The Marie Keating Foundation's Survive and Thrive programmes have been created to help men and women who have finished cancer treatment to adapt to their 'new normal.' The programmes include information and support from facilitators who are healthcare professionals and survivors themselves, we discuss issues such as coping with emotions; fatigue and other symptoms; changing nutritional needs; coping with feelings and change; managing stress and physical activity. Courses are for men or women only or they can be mixed.

This is an eight week programme, one evening a week from 6.15p.m. – 9p.m., you would need to be able to commit to attending all eight sessions as much as possible.

**Ireland Reads 2023 takes place on Saturday 25th February.** Ireland Reads is a national celebration of reading! So, whether you're an avid reader or the occasional "dip into a book" reader, this is the time to Drop Everything and Read!

We're encouraging everyone to visit the library throughout February!

### Vote for your favourite book:

Let us know your favourite reads! Fill out the form and pop it in the box. All forms will be entered into a draw. Available for the month of February.

### Saturday 25th February:

#### Children's Events:

10am-11.45am Facepainting  
2pm - 2.30pm Dr Brain's Fun-Believable Science Show, fun for all the family!

#### Talk for Adults: My Side of the Story with Efe Patrick.

Thursday 2nd February, 7pm  
Efe Patrick is an aspiring author and has recently completed her first book, My Side of the Story. In her book, Efe describes her childhood in Nigeria, spent between the city of Benin and her grandmother's rural village. She later describes her arrival in Ireland with a desire to further her education. Overcoming many challenges, Efe now has a BSc in Social Science and an MA in Mediation. She is also a mother with four children and a gospel artist active on You Tube. Her hope is that she can be a light and spread hope to all those who need it most.  
All Welcome

### Engineers Week:

Tuesday 21st February  
3.30pm - 5pm

Create a Geodesic Dome with Chris from Maker Meet.

Using flat surfaces and straight-line equilateral and isocles triangles - participants will construct a small Geodesic Dome from cardboard. This project elegantly introduces students to using geometry and interlocking polygons to create a polyhedron. The first dome was built by Walther Bauersfield from the Carl Zeiss optical company and popularised by Buckminster Fuller.

Incredibly strong and stable, this structure has many uses, both large and small worldwide.

### Lucan - Path & Road Upgrades 2023:

The Road Works Programme 2023 has confirmed an allocation of €360k for road repairs – these will include resurfacing works at Lucan Village, Lucan Road, Celbridge Road, St Finian's, Griffeen Avenue and Castle Road.

€380k has been allocated for footpath repairs / upgrades. This will include Esker Lawns, Finnstown Cloisters, Hillcrest estate / Drive, Dodsboro, Finnstown, Ardeevin, Meadowview Grove and Mount Bellew estate.

### Road Safety – Adamstown;

A number of serious road traffic accidents have occurred in Adamstown since the beginning of the year. This has rightly raised some questions about speed reduction, signage, traffic calming and pedestrian safety measures. I have requested that this now be included for discussion at the next local area Traffic Management meeting with South Dublin County Council, in order to explore potential solutions.

### Proposed cycle and walkway between Castle Riada and Moy Glas:

The Council has been allocated €50,000 to progress plans to upgrade the old road between Lucan and Clondalkin, part of the historic Esker, after which many parts of Lucan are named, into an “active travel” route. The Esker Permeability Project is likely to be broadly welcomed but there are issues regarding openings into estate cul de sacs with historic experiences of antisocial behaviour. I've a lot more detail on my website [www.paulgogarty.com](http://www.paulgogarty.com) (enter Esker in the search box). People can also let their provisional views be known via the online survey at [bit.ly/eskersurvey1](http://bit.ly/eskersurvey1)

### Tree vandalism:

There have been several reported incidences of young trees being irreparably damaged in recent weeks. Residents are urged to keep an eye out and to report any incidents to An Garda Síochána.

# SPORTS

## Lucan Harriers A.C.

What a busy weekend from the Juveniles in Abbottstown, (thanks to Eoin for the report), to the National indoors in Athlone. As usual fantastic results as always, we really are blessed at present with the talent we have in the club at present at the continued commitment of all the coaches. This goes to all coaches in the club.

**The seniors and masters** were spread throughout the country. The National indoors in Athlone, Trim Road 10-mile road race and the John Tracey 10 miler in Dungarvan. Great numbers and results coming from all venues. Well done everyone.

We had 10+ athletes at the indoors in Athlone and again many super performances including many podium finishes across many events. In the throwing events we had Katriona Power with Gold, Silver and bronze in different events. The relay team of Carol/ Dervilla/ Sorcha and Laura in the 4\*200m getting bronze in a very tight race. Many others also getting individual medals. Congratulations everyone who took part and raced in a very tough environment at national level.

Sorca Dineen – Bronze 60m – Category W35 – Time 9.45. Carmel Kearney – Gold – 400m – Category W55 – Time 01:08.2 Eileen O’Brien – Silver 1500m -Category W70 – Time 08:19.5. Breda Smyth – Silver 800m – Category W50 – Time 02:51.4. Eileen O’Brien – Gold 800m – Category W70 – Time 04:14.2. John Healy Silver 800m – Category M55 – Time 02:29.3. Carol, Sorcha, Laura and Dervilla Bronze 4\*200. Laura McAteer Bronze – Long Jump – Category W45 – Time 3.78. Katriona Power – High Jump Gold – Category W50 – Time 1.33. Shot Putt – Bronze – Time 9.44. Weight for distance – Silver – Time 6.36. Two huge 10-mile races.

**Over 1600 took to the roads of the Trim** with 28 of those from Lucan Harriers, a fantastic turnout from our club with many impressive times. Will Byrne in his 50<sup>th</sup> year showing he can still mix it with the best of them. Mary Browne also showing that age is no barrier to putting in a great performance. It started off as a cold morning but as the midday starting time approached, the blue skies and sun greeted the runners, it turned out to be pretty much perfect conditions. There were great crowds out supporting. The 300m finishing

straight ensured there were some very strong finishes and those feeling strong been able to take a few other athletes on the finishing straight. Congratulations to all and especially those from the club who took part in their first ten-mile race. Congratulations to Trim AC on such a fantastic event.

*Trim 10-mile Group, Jacinta Linehan, Sinead Farrell, Lorraine Heffernan, Olivia Meyler, Emma Broderick, Pat Brophy behind.*

There was another 10 miler in the picturesque West Waterford town of Dungarvan. Similar to Trim the day started off as a cold and frosty morning. The sunny southeast lived up to its name and by the time the 11am starting time came around it was still cold but didn't take too long for the 3500 runners to warm up once the race started. On the side line cheering on the runners was Local Irish running legend John Tracey. The course starting near the town centre heading south meandering through local country roads. There were many ups and downs throughout the mainly fast course. Before having a nice surprise of a 300 m climb near the end, before the final downhill 200m into the finish line. Three athletes Henry Langton, Lhyne Ganadin and Colin O' Gara made the trip to Waterford. All three came back with Cork accents, there were huge numbers from all the Munster and it was really nice to try a new race Congratulations to West Waterford AC for organising such a wonderful race.

**Saturday had the annual Garda Cross Country in the Phoenix Park.** A challenging 4-mile course around the Magazine fort. Congratulations to Derek Taylor, Patrick Holden, Gar Farrell, Barry Aherne, Ciaran Porter, Brian Carroll Rob Brannigan, Stephen Rynne and Jim Dwyer.

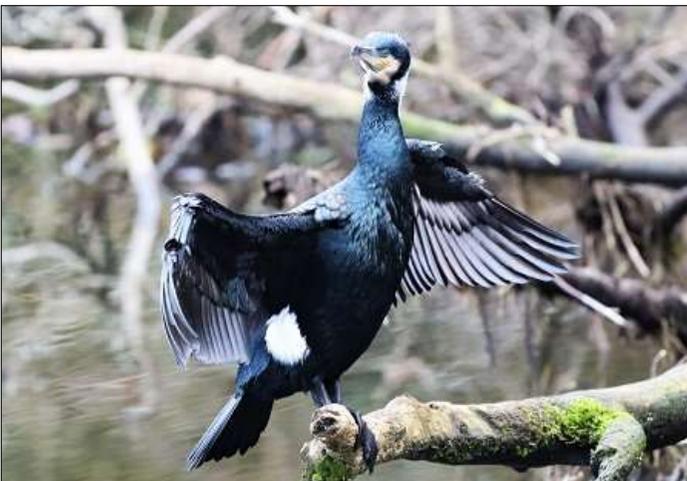

## St. Mary's Camera Soirée

Last Friday the meeting of the Soiree did not take place but this weekend we are back in full swing. Apart from continuing to explore the usefulness of free photo processing software we have started to look closely at the work of other photographers who are members of camera clubs in the general vicinity of Lucan with a view to stimulating the members of the soiree to greater things with their cameras.

This week Paddy submitted photographs of sunrise in the grounds of Carton House and as a counter-weight Joe submitted a photograph of sunset in the St Edmundsbury.

. Carton House was the ancestral seat of the Earls of Kildare and Dukes of Leinster for over 700 years. The present house dates from around 1740 and was designed by Richard Cassels who also designed some of the other great Irish houses including Summerhill House in County Meath; Westport House in County Mayo; Powerscourt House in County Wicklow; and Kildare House (today Leinster House) in Dublin. Carton House has been used as a film set for many productions.

Conor submitted photos of the resident Cormorant on the Liffey in Lucan Demesne and of the Great Tit. According to Birdwatch Ireland the Cormorants (Broigheall) are residents of Ireland and you will often see them stand with their wings outstretched drying. Birdwatch Ireland describes the Great Tit (Meanán Mór) as one of Ireland's top 20 most wide-spread garden birds.

*Until next week stay safe!*
