## The work of Justice

Trócaire is the Irish Church's development agency that works to support the most vulnerable and marginalized communities around the world, providing humanitarian aid, supporting sustainable development initiatives, and advocating for human rights and social justice. Founded in 1973 by the Irish Episcopal conference, Trócaire works with partners in over 20 countries in Africa, Asia, and Latin America.

One of Trócaire's core objectives is to address poverty and inequality by supporting communities in developing countries to build sustainable livelihoods and improve their access to basic services such as healthcare, education, and clean water. This work is grounded in the principle of community-led development, which means that Trócaire works with local partners to identify the needs and priorities of communities and to develop solutions that are tailored to their specific context.

Trócaire's approach to development is also strongly focused on the promotion of human rights and social justice. The organization works to empower communities to defend their rights and to challenge the structures and systems that perpetuate poverty and marginalization. This includes advocating for policy change at the local, national, and international levels, as well as supporting grassroots movements and campaigns for social change.

Trócaire also plays a vital role in responding to humanitarian emergencies around the world, providing life-saving assistance to those affected by conflict, natural disasters, and other crises. This includes providing food, water, shelter, and medical care to people in need, as well as supporting longer-term recovery and rehabilitation efforts. The special collection at all Masses this week-end for the Earthquake victims in Turkey and Syria will be channelled through Trócaire.

In addition to its work on the ground, Trócaire is also committed to raising awareness of the root causes of poverty and inequality, and to advocating for change in Irish and international policy. The organization works to engage the Irish public and to mobilize support for global social justice issues through campaigns, educational programs, and advocacy efforts.

Overall, Trócaire is a highly respected and effective development agency that has made a significant contribution to the fight against poverty and injustice around the world. Through its community-led development approach, its focus on human rights and social justice, and its commitment to advocacy and public engagement, Trócaire is helping to build a more equitable and sustainable world for all. They deserve our support.

### Electricity Smart Meters

Since 2019, ESB Networks has been fitting homes and businesses with smart meters. Smart meters are the next generation of electricity meters and it is planned that all homes in Ireland will be fitted with smart meters by the end of 2024.

Smart meters will automatically communicate your electricity usage to your supplier, so there will be no more estimated bills. You will also have more information on your electricity usage than is available from current meters.

It is planned to replace the oldest meters with the new smart meters. You can contact your electricity supplier or ESBN to apply for a prioritised installation. There is no upfront charge to have a smart meter installed.

Read more about the National Smart Metering Programme (NSMP).

**How to use less electricity:** You can save on your electricity bills by being more energy efficient. The Sustainable Energy Authority of Ireland (SEAI) helps consumers to improve their energy efficiency. Get tips and advice on how to save energy on everything from heating, lighting, hot water, cooking, appliances and draughts. You can get an energy monitor to tell you how much electricity you are using in real time. Making small changes to be more energy efficient can help reduce your bills.

**Energy Efficiency Grants:** You may be entitled to a grant to upgrade your home energy system and improve the BER rating of your home. This will lower the amount of electricity that you use. There are also grants available for solar panels. Get more information on how to improve your energy efficiency and on the grants available from the SEAI.

### Treatment Abroad Scheme (TAS)

#### How does the Treatment Abroad Scheme work?

If you are a public healthcare patient and require treatment that is not available to you in Ireland, you may be able to apply for the Treatment Abroad Scheme (TAS). This allows you to get the medical treatment in another country in the European Union (EU), the European Economic Area (the EEA also includes Iceland, Liechtenstein and Norway) or in Switzerland.

Before you travel for your treatment, the HSE must assess and approve your application.

If the treatment is available in Ireland you can access it abroad using the Cross-Border Healthcare Directive.

#### How to qualify for the Treatment Abroad

**Scheme:** You must be ordinarily resident in Ireland to qualify for the Treatment Abroad Scheme. This means you live in Ireland and intend to live here for at least one year.

The medical treatment you need must be either:

Not available in Ireland or

Not available within the time normally necessary to get it in Ireland, taking into account your current health and the likely course of your condition or disease

You cannot refer yourself for TAS. Only a public hospital consultant based in Ireland can refer you for treatment abroad. A GP cannot refer you for this scheme.

#### How to apply for the Treatment Abroad

**Scheme:** You, and your referring consultant, must complete an E112 application form (pdf).

You must send this to the HSE TAS office with a copy of your referral letter from your consultant when applying.

You should apply early, as you will have to wait for the HSE to approve your treatment abroad before you travel.

*In the E112 form, your consultant must confirm that:*

They are the consultant that is currently treating you.

They assessed you within a 2-week period before making an application to the HSE.

The application is based on their own medical opinion. A consultant cannot fill in a form at the request of another person.

More information is available on our website about the Treatment Abroad Scheme

February already, and

notches up another  
birthday!**

First published on the last  
Sunday of February in  
1967, now making the  
weekly journal 56 years of  
age, and it's all thanks to our contributors,  
readers, volunteers and distributors.  
Well done to all!

**Well done to Lucan's Daire Newcombe** who  
had a great game with the Dubs v Cork on Sunday  
last. We see he also made the GAA's *Team of the  
Week*. It's looking good for the Dubs!

**A Pigeon with leg-warmers!** This lad was  
spotted in the Hillcrest area this past week. He  
appears to have a heavy covering of feathers on  
his legs and feet - unusual!

Eighteen months ago, some visitors to the Shed enjoyed their experience and left with promises of returning.

One of the visitors was more detailed in his comments

about the Shed. He was heard to say that he enjoyed the hospitality, the welcome, the craic, not to mention the friendship extended to him.

It was proposed that our Shed should be run on the basis of these 4 ideas and that we could hardly do better in our interaction with members. One of our longstanding members was prompted to add the idea that “the Shed is small, but the welcome is big.”

In every Shed the matter of holding an AGM arises, an experience of mixed feelings for many. Preparations for an AGM are not the responsibility of one person, but are divisible between committee members as a group, together with whatever assistance can be provided by other Shed members, should the committee so decide.

The Shed will be open to both members and visitors on Tuesdays between 11.00 am and 01.00 pm, during February and March, as follows:  
February 21st and 28th and  
March 14th 21st and 28th.

The AGM 2023 will be held on Tuesday, 7th March at 11.30 am in the Shed. This meeting, as is customary, is confined to Shed members. After 7th March, Shed activities will be a matter for the incoming committee, but it is most likely that Tuesday and Wednesday openings will continue for the time being, with Tuesday mornings in the Shed and organised walks on Wednesdays, where walkers are under the leadership of a committee person, again for members only.

If any of you men are in the vicinity of the I.W.A. building (signposted) on the Newcastle Road, close to the Maxol Filling Station, why not call into the Shed, sit down and enjoy a tea or coffee and some biscuits. You will find that conversation will not be in short supply and you will be welcome to join in. You will not be under any obligation to join the Shed but you can return as often as you wish. For certain, you will want to come back.

This might be the best thing you have ever done.  
*See you there between 11 and 1, on a Tuesday?*

## NAGARHOPE

Nagarhope's recent fundraiser in the Spa hotel was a huge success both socially and financially. About 300 people enjoyed a super night out, the first for many since lockdowns. The event raised €13,000 which will go a very long way in Nepal. The immediate use for it is to furnish the new school building and to make walkways and fences in the grounds, making it safer.

On behalf of Fachtna “Doc” Clandillon and Nagarhope, we owe our thanks to so many people.

Our sincerest thanks to Kevin “Elvis” Doyle and to all the members of The Way It Was Orchestra. They are a superb bunch of people, giving up their free time to support Nagarhope, educating kids in Nepal. We have known most of these lads and lassies since primary school, growing up with our own lads here in Lucan, and being introduced to all their instruments by Eithne Donnelly in the Lucan Concert Band. What a buzz they created! The dance floor was full at the end of the night with nobody wanting it to end.

Thanks to the Spa Hotel, its' staff and especially Ulick Colgan for their courtesy and help. What a beautiful venue, it looked amazing.

Thanks to Mick O Byrne, of Dual Print, who has done all our printing since day one.

Thanks to Lucan Newsletter for their continuous coverage, to the local papers, to Lucan Community College and Lucan Sarsfields who included us in their notes.

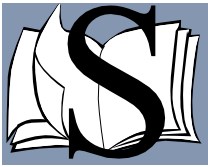

Thanks to Artisan Pantry for their hamper, to Deirdre Lawless for vouchers, to Supervalu for hamper baskets and to so many friends, neighbours and colleagues who donated the contents of our beautiful hampers. We put out feelers for left over Christmas goodies to make up 5/6 hampers. We ended up with 16!! Special thanks to Kathleen Roche who helped to make up the hampers.

Thanks to Ray who did the raffle for us. Thanks to all who bought tickets, both Elvis tickets and raffle tickets but couldn't be there, to many people who made donations, to so many people who sponsor our work by direct debits and have been doing so for many years, to our own NAGARHOPE Committee, nothing could happen without them, and of course to all who attended on the night.

*Go raibh míle maith agaibh go léir.*

## Coláiste Phádraig CBS

**School tour:** 31 senior students, five teachers (and senior management!) have returned safely after a magical five-day skiing trip to Italy over the mid-term break. The group stayed in the beautiful ski resort of Lavarone and they received 4 hours of lessons every day. The students overcame the initial pain and discomfort of the ski boots and the inevitable falls and knocks to soon get the hang of it. Lavarone has 27km of piste, with slopes that cater for all levels. On the last day the students were gracefully cruising down the more daunting slopes like seasoned Olympic skiers!

The students revelled in the freedom of the mountains and the sheer exhilaration of speeding down the slopes, leaving their troubles and worries behind them for a few hours at least. The regular chairlifts transported them back up the slopes for further downhill runs and most of them had to be dragged away when their time was up each day! They also loved the apres-ski evening activities, especially the snow tubing session, where they whizzed down the steep slopes either whopping for joy or in total terror!

A brilliant school tour was had by all in the stunning surrounds of the Italian mountains. The weather was good, with blue skies every day, the snow was fresh and crisp, the hotel food was delicious and the staff were extremely friendly, helpful and pleasant throughout.

This was a once in a lifetime trip and the students were very grateful to the teachers who travelled with them. The group have created wonderful memories for themselves and some have even been bitten by the skiing bug so it won't be the last time on the slopes for some of them!

The students are also to be commended on their exemplary behaviour throughout. Their maturity, good manners and co-operation made life very easy for the teachers.

**Soccer:** Our 1<sup>st</sup> yr soccer team advanced to the 2<sup>nd</sup> rnd of the Leinster Shield after a comprehensive 5-0 win over Clonkeen College on Wednesday 8<sup>th</sup> Feb. Hasan Al Mini scored the opening goal after 20mins with powerfully struck, rising right-foot effort. Conor Abbott doubled Lucan's lead early in the 2<sup>nd</sup> half before Hasan added a third with a stunning solo goal, his 11<sup>th</sup> of a prolific campaign in just 6 games. Alex Clare added two further goals late on to seal an emphatic win for the team.

**Athletics:** Two of our athletes competed in the Leinster Cross Country Championships held in

Santry Park on Weds 8<sup>th</sup> February. 1<sup>st</sup> yr Conor Abbot finished an agonising 1 second and 1 place outside the qualification places for the National Championships as he came 16<sup>th</sup> out of 98 strong competitors in the 2km Minor Boys course in a time of 8:09.

2<sup>nd</sup> yr Brian Whelan completed the tough 3km Junior Boys course in a time of 11:28 to finished 55<sup>th</sup> out of 109 athletes. Well done to our two brave competitors on their whole-hearted and spirited performances.

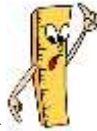

**Music Club:** 15 students from our Music Club, accompanied by Ms. Cooney and Ms. Whelan, went on a trip to the National Concert Hall on Monday where they took part in a Gamelan workshop. They didn't need to bring anything with them-just their passion and enthusiasm for music! Gamelan originates from Javanese culture in Indonesia and consists of a number of percussion instruments such as Gongs, drums and xylophone-like instruments which are played together to produce a full rhythmic, harmonic sound. Our talented, young musicians were fully engaged throughout and thoroughly enjoyed the hands-on and practical workshop.

They learned about the instrument's origin and learned how to play and interpret the music for each piece. They were full of questions and fascinated to learn about this instrument and its magical sounds, which was a new and exciting experience for them all.

**Gaeilge:** Our 2<sup>nd</sup> yr students travelled to the Lighthouse Cinema in Smithfield on Friday 10<sup>th</sup> Feb to see the Oscar nominated Irish language film "*An Cailín Ciúin*". Although it is very quiet and subdued drama (not the type perhaps to appeal to 14 yr old boys!), the students thoroughly enjoyed this moving and deeply touching film.

**Fundraising:** The fundraising event, entitled "Split the Bucket", was held in the school on Friday 10<sup>th</sup> February. In total, 2,000e was raised, which was then split evenly between the school and the students. Those who brought in the required amount were then entered into a draw for Liffey Valley vouchers, which was conducted by my members of our Student Council on Monday.

In the 1<sup>st</sup> yr draw, Nate Crawford won a 200e voucher while Muhammad Imran and Senan Curley both won 100e vouchers. 2<sup>nd</sup> yrs Ben Walsh, Callum Finn and Saad Imran won 100e vouchers. 3<sup>rd</sup> yrs Evan Whelan, Senan Lynch and Jake Andrews each won 50e vouchers while Peter Donohue, Sun Syed and Abinav Sriram won 50e vouchers in the Senior draw.

## Back the generations .....

Granny Ennis, with her grandchildren Carmel and Tommy Ennis on either side, the children's mother, May Ennis behind them, and grand uncle, Clocker Kilduff.

The photo dating from the late 1950s, was probably taken in the Chapel Hill area where the family lived.

Another photo from the same era – published in Lucan Newsletter a couple of years ago, with the name of the boy in the centre not known then.

Just this week, he has been identified as Franjo Reid, formerly of Weirview.

*In the Photo:*

Fr. James Loughran who was Curate at St. Mary's, along with (L-R): Declan Hughes, Franjo Reid, and Nicholas Ennis.

We send greetings to Franjo, and are delighted to hear he still reads the weekly edition.

Both photos were given to Lucan Newsletter by the late Nicholas Ennis, grandson of Granny Ennis in the top photo.

### Celbridge Link Road:

The €10.2m Celbridge Link Road is now open! This road links Adamstown to Celbridge through a new 2km distributary, with footpaths and cycle tracks in both directions providing improved accessibility and connectivity to Adamstown. This new road should help relieve traffic congestion in and around Lucan by providing an alternative route to the N4.

### Further Help with Cost of Living:

This week several additional measures were introduced to help families, pensioners and businesses to manage increases in the Cost of Living. These include a €200 lump sum payment in April to all pensioners, carers, people with a disability, extending the 4.5% VAT cut on electricity and gas bills to the end of October and extending the reduced excise duty on petrol, diesel and marked gas oil to June.

### New Celbridge Link Road:

Delighted to announce the opening of the Celbridge Link Road in Adamstown. The Celbridge Link Road will deliver significantly improved accessibility and connectivity – on the western side of Adamstown - to not only the existing and future residents of Adamstown but also the residents within the adjoining communities of Celbridge and Leixlip. This north/south connection from the R403 provides a direct link from the R403 to the Adamstown Rail Station, which will provide for shorter commuter times and more sustainable and environmentally friendly commuting patterns within the area.

### Lucan Leisure Centre:

Many groups/sports clubs have contacted me regarding expressing an interest in the new facilities. I can confirm that the new management are going to start their key recruitment shortly, once dedicated facility manager and staff in place they will be in a position to reach out locally.

### Ireland for All Solidarity March:

Last Saturday nearly fifty thousand people attended a solidarity rally to show solidarity with refugees who are seeking sanctuary in this country. Many groups and ordinary citizens from all over Ireland came together to show their solidarity and disgust at those that spread misinformation and use incendiary rhetoric. This is extremely dangerous and has to be challenged.

### Public Transport: Ministerial Meeting:

It was great to have the opportunity to catch up with Minister of State for Transport Jack Chambers when he visited the superb new bus interchange (now operational) at Liffey Valley recently. I took the opportunity to raise ongoing concerns concerning the need for consistent capacity and delivery of bus services in our area with him.

### Dangerous Footpaths:

Thanks to South Dublin County Council for repairing a number of hazardous and dangerous footpaths in Earlsfort which I highlighted following my walkabout in the area. I'm also pleased that the Roads Department will reinstate faded double yellow lines on Earlsfort Avenue and Earlsfort Road, following my request. # SPORTS

**Cross Country** was the name of the game this weekend. With the ladies at their 3rd meet and train Cross Country race, hosted by Crusaders AC in the scenic Poolbeg Park. The wonderful setting with Dublin port in the background with ferries and ships sailing in and out of port. The course from the start line looked pretty straight forward, but what those standing on the side line didn't know was that there was an extremely steep and challenging incline with about a K to go. Nothing that the girls couldn't deal with.

Orla McWeeney was first home for Harriers in 8th Position running very strongly. Great finishes by Bernie who gained places in the finishing straight and fought off a fight back. Sile similarly finished very strongly. Well done to all who turned out and made their way across city for the earlier than usual time of 10am

As usual there was Cake after at the Crusaders club house.

Orla McWeeney, Anne Whelan, Bernie Stapelton Hilary McGee, Sile Mc Intyre, Olivia Meyler

Aileen Coughlan, Eileen O'Brien, Lhyné Ganadin.

Again, great to see Lucan and West Dublin represented so well, with a great turn out from our neighbours and friends in Esker RC and Waterstown.

A great turn out by the lads at the Central Bank BHAA 4 mile cross country in Wesley College on Saturday. Derek Taylor 23.27, Patrick Holden 24.08, Barry Aherne 24.12, Brian Carroll 25.24, Emmet Quinn 26.30, Rob Brannigan 26.44 Colin O Gara 28.09.

Rob coming home first in his new age category. Superb run by Emmet Quinn he is really coming into his own and is one to watch this year. Four laps of the sports grounds in Wesley College. Conditions under foot were perfect. There was a strong wind on certain parts of the course which made things a bit difficult in places. 135 took to the start line in this mixed race. Thanks, as usual to the organisers, there are still two more BHAA cross country to come so good opportunity to try it out if you haven't already. They are in ALSAA at the Airport and Maynooth College.

**Operation Transformation.** Lucan Harriers were out in force in the Phoenix Park on Saturday stewarding at the annual Operation

Transformation. Their contribution to the day was greatly appreciated by the organisers. This has become an annual stewarding event for the club and probably one of the most high profile event in front of the TV cameras. Thanks everyone who got out of their bed early on Saturday morning to help our club out. Well done to everyone from the club and our wider community who took part in this high profile event.

**Scottish Masters.** Last weekend Sunday 12<sup>th</sup> Feb Carol Kearney and Breda Smyth travelled to the Scottish indoor masters in Glasgow, neither came home empty handed with Carol winning her 200m race and Breda with bronze in the 1500m. Well done ladies super achievement.

**Munster Masters Indoors.** Also on the weekend 12<sup>th</sup> Feb, Double Gold for Katriona Power at the Munster Masters Indoors just to add to her fantastic achievement Katriona set a new national record for her category (O50) in the Weight for Distance throw. Shot 9.46m (Gold medal). Weight for Distance 20lb 7.02m (Gold medal & National Record).

Well done Katriona all your Lucan Harriers team mates are very proud of you and your achievements

**National Masters Cross Country.** On Sunday 12<sup>th</sup> Feb Mary Browne was Harriers sole representative at the national masters cross country in Gowran Demesne Co. Kilkenny, finishing 2nd in a time of 18.21 for her category. Well done young lady, brilliant running and wishing you continued success.

*Katriona Power national record holder.*

## St. Mary's Camera Soirée

Last Friday the group held a workshop on portrait photography under the direction of Donal. By all accounts it was very successful. Maybe we will see some of the results from the workshop included in the next exhibition. Members of the group are heading off to the very interesting exhibition of the work of the photographer Mick Bunn in Farmleigh this Friday.

This week we have more atmospheric photos of the Liffey taken by Paddy. Conor somehow managed to get a photograph of that most difficult of birds to photograph - the Kingfisher.

Joe gave us a grey squirrel and also got up to the Hellfire Club.

The building known today as the Hellfire Club is located on Montpellier Hill overlooking the city. It was originally built as a hunting lodge in 1725 but was taken over by a men's club known as the Hellfire Club in 1735. In fact Hellfire Club was a name for several exclusive clubs for high society rakes established in Britain and Ireland in the 18th century.

The club motto was "do as you wilt". The most notorious club associated with the name was established in England by Francis Dashwood and met irregularly from around 1749 to around 1766.

*Until next week stay safe!*
