Lent – God’s Annual Invitation

Wednesday of this week saw the opening of the season of Lent. Traditionally Catholics mark the day with the reception of Blessed Ashes on their forehead. It was strange to see President Biden on the six-one news sporting the give-away dirty smudge on his forehead. I’m sure many non-Catholic viewers around the world must have thought he hadn’t washed properly that morning.

The ashes are of course no more than an outward sign of what should be an inner disposition, a disposition to change our lives in some real way in order to bring them into conformity with the Gospel of Jesus. For that reason, the church encourages us to some concrete expression of our willingness and desire to change. As children we were encouraged to give up sugar in our tea or to abstain from crisps and sweets for the seven weeks of the season. As a result of a rush of Lenten fervour I gave up taking sugar in my tea at age 12 and never went back on it!

Apart from the undoubted spiritual benefit that accrued I’m certain it helped my general health as well! Fasting from food has of course a long tradition in the church and coupled with prayer it becomes a powerful weapon in our arsenal against evil. *“This is the kind that can only be driven out by prayer and fasting.” Mark 9:29.* But Pope Francis has pointed out that fasting can take many forms, all of which can be highly beneficial for our spiritual selves and for the good of others. These are some of the Holy Father’s suggestions for alternative fasting.

DO YOU WANT TO FAST THIS LENT?
In the words of Pope Francis

- Fast from hurting words and say kind words.
- Fast from sadness and be filled with gratitude.
- Fast from anger and be filled with patience.
- Fast from pessimism and be filled with hope.
- Fast from worries and have trust in God.
- Fast from complaints; contemplate simplicity.
- Fast from pressures and be prayerful.
- Fast from bitterness; fill your hearts with joy.
- Fast from selfishness and be compassionate.
- Fast from grudges and be reconciled.
- Fast from words; be silent and listen.

Continued over

Lent *cont'd.*

Each one of his suggestions will have that dual effect of making us better human beings, reflecting Christ-like attitudes and helping to create a more supportive, loving and caring environment in our homes, neighbourhood, country, and ultimately in our world.

Real spirituality should overflow in that way – it should have a transformative effect not just for each of us personally but for society as a whole. A purely private spirituality devoid of any overflow to others will do little to further the mission of the church.

So look closely at the suggestions of Pope Francis, and pick one or two that you might put into practice, you might just find that a conscious effort can effect real change! Happy Lent!

Esker Active Retirement Association

Hi everyone,

Again this week we had forty-four members all playing bowls, cards, scrabble and having the craic.

Can I just say to everyone; it is so important to keep your mind active and your body as we age. By playing these card games, scrabble and doing the activities we have here in the club, we have to use our brain and our bodies. All these things help against all forms of Dementia /Alzheimer's Disease so make sure when you retire, that you join a club to keep the brain active.

Next week we are doing our Chaerobics which we all really love, this involves using our bodies and our brains at the same time while we sing along to the music.

Still more people joining our club each week and we don't close the door to anyone. Just drop into the club any Wednesday afternoon. We are looking for more men to join our club as we want a good mix, so all you men out there who are retired, please think about it.

We are in St Andrew's Church Hall just down from Stagg Cycles which is a blue & yellow building. There's parking in the grounds of the Church and also a bus stop outside the Church gates.

The production will take place in the same venue late May - definite dates to be decided in the near future.

Good luck to all involved and enjoy the process of bringing a fabulous, energetic and colourful script to life on stage under the direction of Donal Downes.

Lucan Planning Council

LPC have made a part 8 submission regarding Lucan Village in which we objected to the streetscape and changes to the village green, and have strongly objected to the removal of parking spaces. We proposed two-way traffic at Methodist Church, and more extensive development at the Weir to include a workable cycleway route that does not use the Main St., and additional seating and a pedestrian bridge-way to access the village green from the shops. We asked that no Cllrs vote take place on the part8 until full consultation takes place on the village as a whole. We called for more public parking in the village and have identified practical suggestions. Through traffic avoiding the toll is a significant factor in Lucan which has been ignored by the part 8 SDCC proposals. We had considerable doorstep support, and thank everyone who engaged.

LPC are delighted with the rejection of the 20 storey apartments on the Foxhunter site by ABP. LPC was strongly opposed.

Forever young.

Much loved daughter and sister, Orla.
You are missed beyond words.
Late of Beech Park.
Orla, there are times I get so lonely
And shed a silent tear
Then I hear you softly whisper
Don't worry Mam I'm here
I tell you how much I miss you, Orla
With every passing day
Again you whisper to me
Mam, I am never far away
Wrap your arms around her Lord
And give Orla a great big hug
For she was someone special
Because she had so much love.
Loving you and missing you so much sweetheart.
Love you forever.
Look after your little brothers for me until we
meet again.

It broke our hearts to lose you
You did not go alone
For part of us went with you
The day God called you home
You left us beautiful memories
Your love is still our guide
And although we cannot see you
You are always at our side.
Our family chain is broken
And nothing seems the same
But as God calls us one by one
The chain will link again. "

Spring is sprung....

Tuesday 1st of March ushered the Meteorological Spring in, with a glorious day of sunshine, and we believe there's more to come very shortly.

On Monday, traffic came to a standstill all over Lucan, when a hay lorry overturned at the N4 Dodsboro junction, shortly before 7am.

Thankfully no one was hurt, but it made us realise how we are hemmed in for hours on end when something like this happens. People were late for work, teachers and pupils were late for school; no doubt appointments were missed, and perhaps even planes at Dublin Airport.

It took its toll on Lucan Village too as heavy trucks came through, all trying to find a way around the scene – the smell of fumes in the village was something which we have not experienced for quite a long time in Lucan.

Spring in Lucan Demesne

Say 'Hello' to this fellow the next time you visit Lucan Demesne – this Jacob Sheep and his friends share the space with the Highland Cattle and all get on very well together.

Don't throw the baby out with the bath water

15th century wood engraving

Don't throw the baby out with the bath water. A saying that originated in Germany in 1512. Something good is eliminated when trying to get rid of something that is undesirable.

A local council decides to make the village pretty, by removing its most useful asset, a village car park. An attempt to solve a problem, by making it worse.

Obeying the law of unintended consequences.

When the bureaucrat ship of state, sails in the Wrong direction, they are reluctant to tilt the tiller.

The consequences of their misguided actions are Borne by the people who use the village services.

When the out- of- town big shops are constructed They are also provided with very large car parking

Without this facility, few could do their shopping What's sauce for the goose is sauce for the gander.

Maybe bureaucrats prefer giant the Goliath to David.

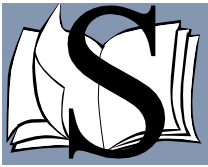

Size is more important than people's quality of life.

Little people should stand mute and salute their Betters, who decide what's really good for them.

"Looking at Covid in the rear mirror" was a headline in one of last week's newspapers – we certainly hope so! It will take getting use to again going into shops without masks, but all in our own time.

Covid is the last thing on the minds of people in Ukraine at the moment. God help them all. Groups and individuals all over Ireland have been great in organising collections, and general fundraising for these unfortunate people. We expect we'll be welcoming many Ukrainians here very shortly.

SCHOOL NEWS

St. Joseph's College

School Closure: A reminder that School will be closed on Monday the 7th of March for all students due to a Teacher Junior Cycle Training Day. School will open as normal for all students at 8.37 on Tuesday the 8th of March.

Well Walk: This Thursday we will have our Fundraising 5km Wellbeing Walk for all students and staff around Lucan in aid of Joey's Outdoor Classroom and Rosie's Garden. We are all looking forward to having our outdoor space ready for use for all students and staff. Please support our fundraiser this week and help us reach our target of €12,500. Donations can be made through our GoFundMe page and also through students sponsorship cards. A full report of the Wellbeing Walk will be available in next week's Newsletter. Also keep an eye out in the local media outlets for pictures of our Students dressed in various outfits to represent different decades. The Transition Year group also ran a car wash in school for staff to raise some extra funds for this cause and Staff members baked some beautiful cakes and sweet treats and held a Bake sale. A lot of progress has already been made on or outdoor classroom and we are hopeful that it will be in use by the end of this school year. Students can still be sponsored via sponsorship cards up until the 11th of March or you can donate to our cause by clicking on the Go-Fund me link below.

Concern Debaters: Our Senior Concern Debating Team were in action this week in the All-Ireland Knockout stages of the competition. The Motion that they were opposing was

'Boycotts are an effective tool for social change'. Well done to the group on an excellent performance and to Mr. Smyth for his guidance we eagerly await the result.

Sport: Well done to our Senior Soccer team who had a comprehensive win in their League match against Kishoge Community College on Monday. The girls showed great skill, determination and team work to overcome their tough opponents. They now move into the next round of the league competition.

Transition Year: This week was a busy week for some of our TY students with different groups taking part in various activities. On Tuesday 22 students in TY took part in a two-day Song writing / Video making Workshop, this was the first day of the workshop and the students thoroughly enjoyed it and are looking forward to the second day which will take place next Tuesday.

On Thursday our first group of TY students took part in a Noise and Music Generation Workshop, this is one of 5 dates that the Noise and Music group will do in our school over the next few weeks which will give all TY students the opportunity to take part in this creative workshop.

Many students this week took the opportunity to take part in the RCSI Transition Year MiniMed programme which offers transition year students the opportunity to experience what it is like to train and work as a healthcare professional. All sections of the programme are carried out by leading professionals in their respective areas with a wide variety of topics – including general practice, heart surgery, pathology, paediatrics, forensic medicine, transplants, obstetrics and gynaecology, pharmacy and physiotherapy being covered during the programme.

On Friday our TY groups enjoyed subject option talks which were hosted via zoom, these subject option talks are invaluable in aiding the students choose the subjects they wish to study in Senior Cycle. The talks guide the students through the course structures of various courses at Senior cycle as well as giving key information in relation to new subjects. Thank you to all the teachers who presented excellently in relation to their own subject and answered any questions or queries the students had in relation to their subjects.

School news: Our students returned to a somewhat different school environment on Monday after the February mid-term break. In line with the latest Government advice regarding public health regulations, masks are no longer mandatory in schools and the physical distancing restrictions, in place in schools since September 2020, have been removed. This meant that our students could finally eat together without masks or social distancing in the new school canteen and socialise with their friends without any restrictions. The students revelled in their new-found freedoms and they were particularly delighted to be finally allowed to play football during their lunch breaks, which are no longer staggered, and use the gym during senior games. Group and pair work, such integral components of the new Junior Cycle Specifications especially, have made a welcome return to classrooms while numerous class trips are back on the agenda in the months ahead. The removal of masks meant that the 1st and 2nd yr students saw their teachers' faces in the classroom for the 1st time and vice versa so this was quite an interesting experience for all concerned! Some students and staff chose to continue to wear mask during the day, primarily out of concern for any vulnerable members of the school community in some cases vulnerable members of families. Everyone was able to make up their own mind without any pressure or fear of judgement anyway. Hand washing, respiratory hygiene and ventilation measures will remain in place in the school for the foreseeable future at least.

Hurling: The Leinster Colleges Senior Hurling "A" Final took place in Nowlan Park, Kilkenny before the Mid-Term Break. Two of our 5th yrs, Liam Garrigan and Joseph Dunne, played on the Dublin Schools South team that were beaten by a very strong Good Counsel, New Ross (Wexford) team on a score-line of 1-23 to 0-14 points so hard luck to the team.

Business: The 2nd yr students started their Business CBAs at the start of February. Their project title was "*Hypothetically bring a new product to the market*". The students had to come with a new idea then design it along with a logo, brand and packaging. They sent out a survey to all of their fellow 2nd yrs about their product and used the information they have covered over the past two years in Business class and applied it to their products. The students then applied their entrepreneurial skills and came up with some great ideas that greatly impressed their business teachers.

Transition Year: An online information evening was held on Tuesday 1st March for parents/guardians of students interested in doing TY next year. The event was extremely well attended and very informative for the parents. TY co-ordinator Mr. Dunne provided details on the entire TY Programme that the school offers and gave an excellent presentation on the type of activities and modules involved and outlined how work experience operates.

Principal Mr. Brady and Ms. Hunt spoke of the enormous benefits of doing TY, such as building confidence, developing social skills, encouraging new hobbies and interests, making new friends, forming better relationships with teachers, encountering more varied teaching methodologies, developing organisational and team-work skills, sampling different subjects (which helps with subject choice in 5th yr) and learning about possible career opportunities in the world of work.

There are 60 places available for Transition Year in 2022/2023 and application forms were given out to 3rd yrs on Wednesday. These must be submitted into the school office by Friday 11th March.

Soccer: Our 1st yr soccer team played Moyle Park in a friendly just before the mid-term break. It was an opportunity to give the squad a run-out. The match was 60mins long, with three periods of 20mins to allow for numerous substitutions for both sides.

Lucan performed extremely well in the 1st period and defended superbly against Moyle Park's strongest 11. Although they were under pressure for the majority of the 20mins, they restricted their opponents to a few long range efforts that Senan Farrell in the Lucan goal was able to save comfortably. Eoghan Burke was the stand-out performer at right back as he handled their speedy, skilful winger superbly throughout with some great tackling.

The second period saw a raft of changes for both sides and Moyle Park grabbed two quick-fire goals to establish a 2-0 lead. The 3rd period was competitive and well balanced with Brian Whelan going closest to scoring for Lucan but for a fine challenge by the opposition goalkeeper. Overall, it was a spirited and hard-working display from an inexperienced team and the match will be of great benefit in the weeks ahead as Lucan prepare for important Dublin League and Leinster Shield games.

Below are two of the winning images from the evening, Philip Devereux won advanced mono and also the image of the month for his titled image "Palace of Arts Valencia",

And Terry Healy won with his image of a Sunset at Collinstown Airport in the novice colour competition.

LUCAN HARRIERS A.C.

This week we only have one story from Lucan Harriers, it's the exploits of three of our athletes at the European Masters Indoor Championships.

What a fantastic week for three of our Athletes, Carol Kearney, Anette Durkan and Leanne Wellings, representing Ireland and wearing the green vest at the Masters (O35) European Indoor Athletics championships in Braga in Portugal On Wednesday, Carol Kearney ran in the O55 400m final, in a PB/ Irish Record time of 64.89, an amazing three secs off her own Irish record. A time which she only set a few weeks previously. She is truly in a league of her own when it comes to the track.

For all her hard work and dedication Carol got a richly deserved European Silver Medal. Not something too many people can boast.

That is only half the story, Carol also ran the 200m final on Sat afternoon, after coming through her semi-final with a PB and Irish Record time of 29.2, these are incredible achievements. In this final she claimed her 2nd medal of the week, a 200m bronze. Well done Carol all of us at Lucan Harriers are super proud of you.

On Friday evening we also had Anette in the O45 200m semi-final, after achieving a PB of 28.44 in her heat. She missed a place in the final by just one place. An incredible achievement, nonetheless. Earlier in the week, Anette just missed a European 60m final finishing 9th with a PB of 8.63. The top eight qualified for the final, well-done Anette again another fantastic achievement. Also, in the same category and distance we had Leanne in her debut European championship, finishing in a very respectable 13th in the 60m. Leanne's preparation had unfortunately been hampered with injury in recent weeks. An incredible run by both ladies.

More good news from Braga on Sunday afternoon as the week wrapped up with the all the relays and show how athletes can work as a team.

Gold for the Irish W50 team. 4*200m featuring Carol in the 2nd leg. She has completed a nice collection of medals over the week, Gold, Silver and Bronze.

Even more good news came through shortly after. Another Irish Team won gold in the W45 with Lucan Harriers as part of the team, Annette and Leanne. This was Annette's 2nd European Championships in a row to medal and Leanne on her maiden European championships. We are all delighted and so proud of you
Congratulations to all our Lucan Harriers Athletes and to all their Irish teammates on a super week of racing. As a club and as a sport we are all very proud of your achievements.

Winter League Final

Barbarians: (Barry Gorey, Barbara Furlong, Tommy Coogan & Dora Keane Versus

Onwards and Upwards: (Gerry Ward, Kevin Ward, John Murphy & Martina Tierney.

Well we had the climax of the Winter League last Sunday and what a final it turned out to be - the Barbarians were taking on Onwards and Upwards. The foursomes were shared – 2 points to each team and then the excitement really began.

Following the four singles matches the teams were tied at 6 points each. Each team nominated their player to play a nine-hole playoff. So it was down to Barbara Furlong for the Barbarians and Gerry Ward for Onwards and Upwards. Both players had chances to win over the nine holes but would you believe it - they finished all square. So now we are down to sudden death and that went to the second tie hole where Gerry Ward for Onwards and Upwards secured the win.

For sheer enjoyment alone there was no loser – thank you to both teams for the sporting manner the game was played in and for the entertainment you gave us - the spectators – we did not want it to end.

Thank you to the competition committee for the efficient way you ran this competition and in particular thank you to the competition secretary Noel Ryan for all his time and efforts over the weeks to ensure the smooth running of same.

In thanking people we must not forget our IT man – Dave Hayden 11 for his amazing work on the website and for coming up with team names and logos for each of the 16 teams who played in the Winter League. St. Mary's Camera Soirée

Last Friday the members of the group had a look at the results of their handiwork in our two Portrait Photography workshops on the big screen and in Photoshop! Also Kay brought along a couple of beautiful Sepia wedding photographs taken in the United States about 140 years ago. We marvelled at the detail that was recorded and would dearly loved to have known settings used by the photographer in the days before automatic camera and digitalisation.

This week it has been the turn of the ladies to submit photographs. Frances sent a beautiful one of the magnificent stained-glass window over the old high altar in St. Mary's church. According to the parish website this was donated by the Moran family of St. Edmundsbury.

Josie was in Castletown capturing some nice sky, Anna was photographing inside the glass lift in the National Gallery – an interesting perspective and Kay captured what I understand is a Butter Bur along the banks of the Rye river. We are still waiting for some photographs from the continent from our member who is away at present.

Until next week stay safe!
