## A Discovery in Assisi

I wrote the following piece in September of last year. Unfortunately, because of a printing machine failure it just appeared in the online edition. As the feast of this young man occurs on October 12<sup>th</sup> I thought it opportune to reproduce it now.

I recently spent a couple of days in the wonderful town of Assisi in the province of Umbria in Italy. Assisi is of course a world pilgrimage site because of its most famous son St. Francis, and his companion St. Clare. Each year hundreds of thousand converge on this hilltop town to visit the various places associated with the saints, I have been among them on many occasions.

This time however I stumbled upon a church I have never visited before in a quiet side street. The church of Santa Maria Maggiore dates from the earliest centuries of Christianity and for a time served as the Cathedral of the city. I was intrigued to see a large number of teenagers filing in to the church on a continuous basis and curiosity drew me inside. The church houses the tomb of a young Italian teenager Carlo Acutis, who died at the age of 15. Carlo Acutis was born May 3, 1991, in London, where his parents were working. Just a few months later, his parents, Andrea Acutis and Antonia Salzano, moved to Milan.

As a teenager, Carlo was diagnosed with leukaemia. He offered his sufferings for Pope Benedict XVI and for the Church, saying “I offer all the suffering I will have to suffer for the Lord, for the Pope, and the Church.” He died on Oct. 12, 2006, and was buried in Assisi, at his request, because of his love for St. Francis of Assisi. His cause for canonization began in 2013. He was designated “Venerable” in 2018, and designated “Blessed” October 10, 2020. From a young age, Carlo seemed to have a special love for God, even though his parents weren’t especially devout. His mother said that before Carlo, she went to Mass only for her First Communion, her Confirmation, and her wedding.

But as a young child, Carlo loved to pray the Rosary. After he made his First Communion, he went to Mass as often as he could, and he made Holy Hours before or after Mass. He went to Confession weekly. He asked his parents to take him on pilgrimages — to the places of the saints, and to the sites of Eucharistic miracles. There was fruit of Carlos’ devotion in his life.

*Continued over.....*

## A Discovery in Assisi *continued....*

His witness of faith led to a deep conversion in his mother, because, according to the priest promoting his cause for sainthood, he “managed to drag his relatives, his parents to Mass every day. It was not the other way around; it was not his parents bringing the little boy to Mass, but it was he who managed to get himself to Mass and to convince others to receive Communion daily.”

He was known for defending kids at school who got picked on, especially disabled kids. When a friend’s parents were getting a divorce, Carlo made a special effort to include his friend in the Acutis family life.

And he promoted Eucharistic miracles, especially through a website he built to promote them. On the site, he told people that “the more often we receive the Eucharist, the more we will become like Jesus, so that on this earth we will have a foretaste of heaven.”

When Carlo got sick, his life of faith increased, offering up his suffering for the Church, the pope, and for people who were suffering with illness.

And he was a gamer. Carlo loved playing video games. His console of choice was a PS2, which was released in 2000, when Carlo was nine. We know he only allowed himself to play games for an hour a week, as a penance and a spiritual discipline, but he wanted to play much more. Carlo was a modern young teenager with an extraordinary love for God, in death his influence is inspiring a generation of young people who see in this modern saint a shining beacon of faith.

He is the first Millennial to be beatified. Visit this website for further information <https://blessedcarloacutis.com/>

## Active Travel

The Main Street Clinic welcomes all initiatives which promote regular exercise whatever form it takes as long it is undertaken in a safe and healthy manner. The proposed “Grand Canal to Lucan Urban Greenway” is welcome development for Cyclists as it is logistically challenging to create a safe cycling route into the Village due to the steep inclines and lack of green space. It is hoped that this proposal will safeguard the wellbeing of all active travel users as well encouraging people to become more active whether the cycle, run or walk.

Several online submissions have raised the issue of the Green Link at the new Cemetery. Further enquiry has established that one of the 2012 planning conditions for the cemetery was the handing over of a parcel of land at the N4 end of the cemetery to SDCC so that the Council could create a green link path into Vesey Park by construction of a small bridge over the Griffen River. **This additional link** would have the potential to allow people to use this park which has been dormant for last 25 years following the construction of the N4.

It would also allow for the creation of a 5 park cycle/walk or run by connecting Griffen Valley Park, Arthur Griffith Park, Vesey Park, Liffey valley Park and St Catherine’s park by **the addition of this small green link path and bridge.**

Main Street Clinic broadly supports this Part 8 proposal but would link to see this **additional link** into Vesey Park followed through by SDCC under 2012 planning as set down by An Bord Pleanala.

## Lucan Planning Council

The NTA have finally conceded a little bit, they intend to bring route C2 down from Adamstown towards Dodsboro shortly, with a frequency of two trips per hour. This C2 route will turn right at Shackleton junction traffic lights, then proceed towards Arthur Griffith Park, then via Foxborough, Pennyhill and Woodies. We have pointed out to the NTA that this would add twenty minutes to the journey. Also, it means a long walk for people with children and older people, and those with disabilities. A ten-minute walk to the bus stop plus an extra twenty minutes bus journey makes this an unattractive and less than practical option as it adds an extra half an hour for people to get to the city.

We believe there is surely room for a compromise: let one bus an hour take that route and one bus an hour go via Dodsboro onto N4, into the city, serving Hillcrest East and the cemetery. This is a win-win for everybody, no extra cost or extra scheduling required. There is no need for all the buses to the city to take the long way up to an extra twenty minutes. We continue to advocate on your behalf.

We also hear the residents of Leixlip, Ballyfermot and Blanchardstown have teething problems that can easily be addressed by face-to-face dialogue. The refusal of the NTA to meet local groups face to face can surely have no credibility now.

Next week we will update you on our ongoing efforts to restore the Blanchardstown hospital bus and to serve all of Lucan and avoid some people having to take three buses to get to our local hospital for regular blood tests and other routine visits.

To mark this special month we will **pray the Rosary before the 12:15 pm Mass every Sunday**. We will start the Rosary around 11:5am to have enough time before the Mass. So please come early for Mass and join us as we honour our Blessed Lady.

## Reflections October '22

And warm September stayed and shone  
In the long afternoons  
It lingered in the mists between  
The trees and in still moorings.  
We basked and thought of neverendings  
While September slowly slipped  
The seconds away.....  
Ah but deep deep down and barely stirring  
Winter's silent embrace awaits –  
(after Mary McCabe)

A Spanish refection reminds us to  
treasure the creators gift of trees:-

### I am a tree

You who would raise your hand against me  
Remember that I am the heart of your  
hearth on cold nights.  
The friendly shade from summer heat  
The beam of your house  
The board of your table  
The bed on which you lie  
The paper for your books  
The timber for your boat  
The handle for your hoe  
The wood for your cradle  
And the smell of your last candle.  
Harm me not.

## Wind on the Hill

No one can tell me  
Nobody knows  
Where the wind comes from  
Where the wind goes.

It's flying from somewhere  
As fast as it can  
I couldn't keep up with it  
Not if I ran.

But if I stopped holding  
The string of my kite  
It would blow with the wind  
For a day and a night.

And then when I found it  
Wherever it blew  
I should know that the wind  
Had been going there too.

So then I could tell them  
Where the wind goes...  
But where the wind comes from  
Nobody knows.

## Budget 2023

### Help with energy costs

€1.2 billion will be allocated for energy supports to help consumers with the costs of utilities in 2022 and 2023.

All domestic electricity customers will get €600 credit to help reduce electricity bills. The credit will be paid in 3 instalments of €200. The first payment will be made in November 2022. The second electricity credit will be made in January 2023. The third will be made in March 2023.

More people will qualify for Fuel Allowance. People getting Fuel Allowance will get an additional once-off payment of €400 in November 2022.

The 9% VAT rate for gas and electricity is extended to 28 February 2023. The reduction of 21 cent per litre tax for petrol, 16 cent per litre for diesel and 5.4 cent per litre for Marked Gas Oil are also extended to 28 February 2023.

€340 million will be available to help community groups, schools, health services, sports clubs and other organisations to pay energy bills.

New energy supports will also be available for businesses (see 'Employment and business' below on our website).

**Tax:** Income tax rates will stay the same (at 20% and 40%), but there will be increases to tax credits and changes to the income tax bands in 2023.

The standard rate income tax band (the amount you can earn before you start to pay the higher rate of tax) will be increased by €3,200.

The following tax credits will increase by €75 to €1,775: Personal Tax Credit, Employee Tax Credit, Earned Income Tax Credit, The Home Carer Tax Credit will increase by €100 to €1,700.

**Universal Social Charge (USC):** The ceiling of the 2% USC band will increase by €1,625 to €22,920, so that the salary of a full-time worker on the minimum wage will remain outside the higher rates of USC.

**Rent Tax Credit:** If you are paying for private rented accommodation, you can claim a new Rent Tax Credit of €500 a year for 2022 and subsequent years. This tax credit applies to each tenant rather than each tenancy. For rent you pay in 2022, you will be able to claim this credit early in 2023.

**Vacant Homes Tax:** A Vacant Homes Tax will be introduced in 2023. It will apply to residential properties that are occupied for less than 30 days a year. The tax charged will be three times the amount of the Local Property Tax rate for the property.

**Carbon Tax:** Carbon Tax will increase by €7.50 per tonne of carbon dioxide emitted, from €41.00 to €48.50. This applies from 12 October 2022 for auto fuels but will be offset by a levy reduction so that it will not result in a price increase. For all other fuels, the Carbon Tax will increase from 1 May 2023. See 'Environment and climate' below, for examples of the price increases to common household fuels.

**VAT (Value Added Tax):** The VAT rate for newspapers (including digital editions) will be reduced from 9% to zero.

VAT will also be reduced to zero for: Defibrillators, Period products, Hormone replacement therapy (HRT) and nicotine replacement therapy medicines that are not currently zero-rated (such as patches and gels)

These VAT changes will apply from 1 January 2023.

The reduced VAT rate of 9% for the hospitality and tourism sector will continue until 28 February 2023.

**Small Benefit Exemption:** The Small Benefit Exemption will increase from €500 to €1,000. Employers can give two vouchers or gifts to their employees each tax year. This increase will also be applied for the 2022 tax year.

**Tobacco Products Tax:** A packet of 20 cigarettes will increase by €0.50 from 28 September 2022, with pro-rata increases on other tobacco products.

## Coláiste Phádraig CBS

**Open Night:** There was a fantastic turnout for Coláiste Phádraig's 1<sup>st</sup> full Open Night since 2019 last Thursday 6<sup>th</sup> October. Most of classrooms were open throughout the evening so that the students and parents could see the different subjects in action. The young primary school students got to actively engage with our own students and teachers in the science labs, art room, wood and metal technology rooms, the classroom-of-the-future, the numerous computer rooms as well as all of the other subject classrooms throughout the school.

A large number of our current students were also in attendance and they proved to be excellent ambassadors for the school as they spent time engaging the primary school students in the different subject areas and made sure they felt welcomed and valued. They answered a lot of questions about the school from parents and their children in a mature, positive and informed manner and helped them navigate the corridors and different classrooms on view.

The Prefects were also in attendance and they were a tremendous help throughout as they took parents and students around and helped clear up afterwards.

We look forward to welcoming the next cohort of 1<sup>st</sup> yr students into the school in September 2023.

**Awards:** Well done to 1<sup>st</sup> yr **Daniel Emmanuel** who won the *Mark O' Neill Student of the Month* Award for September in recognition of his excellent manners, behaviour and application in all of his classes.

Congratulations to **Conor Abbott**, another 1<sup>st</sup> yr, who won the *Sports Star of the Month Award* in recognition of his commitment to 1<sup>st</sup> yr soccer training and his excellent performance in the recent Dublin cross-country championships where he finished 3<sup>rd</sup> out of 200 competitors.

Comhghairdeas freisin le **Luke McGovern** ón gcúigiú bliain a bhuaigh an gradam *Gaeilgeoir na Míosa* do mhí Bealtaine mar gheall ar an sár-iarracht a dhéanann sé an Ghaeilge a labhairt ach go háirithe agus an sár-obair atá déanta aige sa rang Gaeilge.

**Basketball:** Our u16 basketball team defeated Moyle Park 48-32 on Monday. Lewis Adjinakou starred for Lucan with an impressive 18 points, including a series of stunning 3 pointers, while Gabriel Sales added a further 12 points in an excellent team display. Having won their opening group game, our u19 team were defeated 50-34 by Moyle Park in their 2<sup>nd</sup> match. Michael Cunningham scored an impressive 16 points but it wasn't enough as Moyle Park took their chances to win quite comfortably in the end.

**Football:** Our 2<sup>nd</sup> yr football team had a friendly match last week against Lusk CS. Lucan dominated the game throughout, eventually winning on a score-line of 7-12 to 2-02 with Cian Kelly scoring an impressive 3-2. Brian Whelan (2-1), Aidan Doyle (1-1) and Ciarán O' Sullivan (1-2) also impressed the Lucan mentors.

**Hurling:** Our u16 hurling team made it two group wins out of two last Friday with an emphatic 8-18 to 2-14 win against Coláiste Cois Life. Conor Dillon scored a remarkable 3-10 in an exceptional individual display while Michael O' Brien added 2-2 and Callum Morris scoring 3-3 on the day. The win puts the team in a commanding position in the group and qualification for the knockout stages seems very likely at this stage.

**Transition Year:** Our 60 TY students enjoyed an eventful and action-packed 2 days of activities in Carlingford Adventure Centre last week. They arrived at the centre on Monday 3<sup>rd</sup> October at lunchtime. The students had some lunch together in the centre canteen before taking part in orienteering to allow them to get familiar with their surroundings. The students were taught basic map reading skills in order to find markers on the orienteering course through the forests and mountains of Slieve Foy.

After settling down in the centre for a good night's sleep the students enjoyed a healthy breakfast before splitting into two groups. One went hiking up to the forest to take part in "Ziptopia" which is a series of ziplines and obstacles high above the ground, an exciting challenge for all of the adrenaline-junkies! The other group went kayaking in Carlingford Lough, surrounded by the beautiful Mourne Mountains.

On Tuesday afternoon the students went for a brisk hike in the crisp Autumnal air before gathering for an enjoyable and competitive game of archery Combat, a high octane and fast paced group activity. Later in the evening they sat around a camp fire and sang some songs while others watched some Champions League action on TV.

## Lucan Community College

### Guest Speaker for Business Studies students:

Trev Tilley, Senior Director, Strategy and Programme Management, PayPal visited 6th year Business and Accounting students on Tuesday. Trev gave a really informative presentation on PayPal linking it very closely to the LC business course and incorporated a question and answer session for students.

He also gave students really valuable advice with regard to their future careers. A very informative and beneficial afternoon.

### Sporting Success for Lucan Community College Siblings:

Amy Wade (4th Year) and Ryan Wade (2nd Year) competed at the WAKO World championships in Italy last week. Ryan won his first fight and got down to the last 16 and was very unlucky not to medal.

An amazing experience for both to represent their country and compete at the highest level. Congratulations from all in Lucan Community College!

### Autumnal Leaves – Foxborough and Earlsfort:

A number of residents have raised the need for leaf sweeps in their estates with me, with Foxborough and Earlsfort amongst them. Residents have since confirmed that the council's appointed contractor Oxigen have since conducted street sweeps.

**Bus Services – West Lucan:** Some concerns continue to be raised by Lucan commuters in the context of the new BusConnects service amid the changing / growing developments in West Lucan and beyond. Both my colleague Eoin Ó Broin TD and myself will be meeting with NTA officials in the period ahead. If you have specific route concerns or suggestions in this regard, please drop me an email.

**Works at St Joseph's College:** Drivers are reminded not to park on the pavement along the road up towards Lucan Heights/Esker Lawns, especially during construction works. This is a hazard on several fronts; anyone doing so may be ticketed. Separately, I've requested replacement flexible poles for the damaged ones removed at the lay-by. Parking is tighter than usual and people are asked to behave responsibly in order to protect small children, wheelchair/buggy users and older residents who use this route to schools and the local church.

**Antisocial behaviour:** Reporting incidents to the Gardaí is hugely important in the allocation of limited resources for particular areas. This does not necessarily need to be a phone call to the local station. It is also possible to log via the email form for Lucan and Ronanstown stations on the [garda.ie](http://garda.ie) website.

### Liffey Valley Staff Car Parking Charges:

It was very disappointing to learn this week that the owners of Liffey Valley Shopping Centre have refused to reconsider the car parking charges that would apply for staff members. The charges are a major imposition to staff who could be facing charges up to six hundred euro a year for simply going to work. In the time of spiralling costs for workers these charges are wholly unjustified and are tantamount to a pay cut for low pay workers.

**Local Property Tax:** Every year, South Dublin County Council must decide whether to vary the Local Property Tax by 15% in either direction. At this week's Council meeting, as leader of the Fianna Fáil group, I proposed that the tax be reduced by 15% for the coming year, which was supported by my colleagues.

**Cost of living supports:** contact me if you would like further information on cost of living supports which are available.

**Lighting on Castle Road:** I am pleased to see that the lamp extensions which I requested for Castle Road last year are making a difference to the lighting of the road and making people feel safer.

**Footpath repairs:** Abbeydale: I am pleased to see long overdue footpath repairs take place at the entrance of Abbeydale on foot of a representation.

**Local Property Tax reduction:** I supported the reduction of the Local Property tax by the maximum 15% at his week's full council meeting. Huge thanks to all those from the Lucan area that took the time to send in submissions which enabled me in my decision on such an important issue.

**Additional Yellow Box:** Many residents in the Somerton area requested a number of safety measures to be introduced and I continue to work on these matters. I can confirm that council management agreed to installing a yellow box junction on Newcastle Road at the Somerton exit/entrance.

**Lucan Pool:** The Chief Executive advised me that issues with the contractor and a completion date have yet to be finalised. The crane that's been in place for some time and the costs involved is the contractor's responsibility. I will continue to provide updates.

### Adult Hurling Report

It was semi-final Sunday in the adult hurling championships and Lucan had all three Junior teams in action. The outcome was mixed fortunes as the Junior As had a great win over Good Counsel/Liffey Gaels to secure a place in the Junior A Final and promotion to Intermediate grade for next year. However, the Junior Bs and Junior Cs both lost out to Faughs and Thomas Davis respectively. Both performed very well in difficult conditions and with a bit of luck could have made the finals also. But it is the end of a long and generally progressive season for both these teams and they will be looking to go further next year after a well-deserved winter break.

### Senior Hurling Management

Our Senior hurling manager, Cathal Fenton, has decided to step down from the position. Cathal led Lucan to a historic first ever senior league title this year with a memorable win over Ballyboden in the final. They qualified for the knockout stages of the championship also but lost out to Ballyboden at the quarter final stage. The Club would like to thank Cathal, and his management and backroom team, for their commitment through the year and a significant contribution to Lucan hurling. The process is now commencing to put a management team in place for the coming year and anyone interested in being considered, or wishing to nominate someone, should contact Directors of Adult Hurling, Vincent O'Connor (087 2075835) or Paul Stapleton (087 2058572).

## LUCAN HARRIERS A.C.

**The Cross Country Season** returned on the same weekend that others were finishing out their longest runs in preparation for The Dublin Marathon.

A big day of cross country in Tymon Park on Sunday with the Juveniles off this morning followed by the Seniors and masters in the afternoon.

*Aoife Coffey, Alex O'Brien, Dylan Wright, Brian Beatty, John Healy, Damien O'Sullivan, Ciaran Porter, Breda Smyth and Pat O'Dwyer*

Some great early season performances at the Dublin novices. Well done to everyone who got out in the wet and windy conditions today.

Lots of 20 mile plus runs this weekend as the training now enters the taper (winding down) stage. Well done to everyone on reaching this stage.

*Amanda Ryan, Sinead Farrell, Jacinta Linehan, Trish Gough and Kathleen Trunk. Ran the Longwood 3/4 Marathon, as part of their marathon training*

Members had the choice of 2 3/4 marathons one locally starting and finishing along the canal and another in Longwood Co. Kildare. Lots of other routes of people's own choosing were undertaken also. The event on the canal also included a half and 10k.

**Meanwhile in London** Robbie Lynch ran the Royal Parks London Half Marathon. There were also 3 club members running marathons on Sunday. Jason Barrett and Eoghan Harford in Chicago and Henry Langton in Austria at the Graz marathon. Jason running a very impressive 4 hrs Eoghan doing 3 hrs 47 min and Henry 3 hrs 44 mins. I'm told the atmosphere in Chicago was electric, it is one of the major 6 Major City marathons, Jason has Toyko Marathon in March on the horizon next.

A number of the Ladies in the club also did the **Great Pink Run** locally, I'm told there was coffee and cake after also. Well done to all who took part and raised funds for Breast Cancer Ireland, a fantastic cause.

Few more busy weekends ahead with the Dublin marathon, less than three weeks away and Juvenile events getting into full swing.

*Aine Maguire and Kim Jones ran the Fastlane 10k in Clondalkin*

## St. Mary's Camera Soirée

At our meeting last Friday we made good progress in our preparations for our next exhibition which will be held in the Parish Centre on Sunday 13<sup>th</sup> November from 10am to 1.30pm. To ensure an exhibition that is to the standard of our previous ones it was decided to move the date of the exhibition out by one week. So put Sunday 13<sup>th</sup> November in your diaries.

This week Paddy and Donal seem to have been in competition with each other as they both submitted photographs taken in Manor Kilbride, Blessington County Wicklow which is a favourite place for landscape photographers. The river is the Shankill which sweeps down from the mountains to join the river Liffey.

The main feature of the area is the quaint Church of Ireland church of St. John, built in 1834 and which overlooks the river Liffey. According to the Wicklow Heritage website the building of the church was financed by an organisation called the Board of First Fruits, a body established in the early 18th century under the auspices of Queen Anne, a sister-in-law of William of Orange to provide funds for the construction and refurbishment of Protestant churches throughout Ireland.

Some of the Board's revenue came from the tithes, a compulsory tax levied on farmers and much resented by the majority Catholic population.

*Until next week stay safe!*
