Living in the present moment....

One day a man walked past a camp of elephants. Looking closer, he was surprised to see that these mighty animals weren't held in cages or kept in chains. The only thing stopping them from escaping? A thin rope tied from one of their legs to a simple pole in the ground. Confused, as to why they didn't use their strength to break the rope, he asked the trainer why they weren't attempting to run away. To this the trainer replied, "As baby elephants, we use the same system. But, at that age, the rope is strong enough to stop them from escaping. They grow up like this, believing they can never break the rope, so even as adults they stay put." In other words, these powerful, magnificent and intelligent elephants didn't *believe* they could free themselves, so they never tried. Our personal beliefs are powerful beyond measure and often dictate our outcomes. They can work for or against us. Identify your limiting beliefs so you can push against them.

As we journey in life, often our greatest struggle, is to find ourselves in the present moment. How many of us are burdened and carry too much heavy baggage, because of past events and unresolved issues. How many of us may be overwhelmed and full of worry or anxiety, regarding what may happen down the road. In fact, very few are blessed with the freedom and contentment to live in the present moment. When I am present in the now, I am not consumed by what happened yesterday or fearful regarding what may occur tomorrow. The great St. Padre Pio, had a powerful spirituality regarding living in the present moment. Towards the end of his life, a life, that contained a huge amount of personal suffering, he made a profound prayer of serenity, rejoicing in his liberation, for being blessed just to live in the present moment. His prayer is a gift for all of us as we walk our daily pathway. The best pathway, proven by the wisdom of the elders, is one that takes one step, one moment at a time. Saint Padre Pio said, "My past life I give to your mercy, O Lord, whatever may happen tomorrow, I hand into your providence, Today, let me live in your love".

"Lead, Kindly Light"

I've been reading a biography of St. John Henry Cardinal Newman recently. I offer one significant moment of his life to ponder this week. In 1833, several years before his reception into the Catholic Church, he travelled to Rome. Then, on his return voyage, he became seriously ill and, at the same time, the ship was becalmed in the Mediterranean. That is, the winds ceased and the ship was more or less stalled, drifting, until the winds came back.

Continued over.....

Continued.....

Newman's life coincided almost exactly with the 19th century — he lived from 1801 to 1890. It was a time of great advances in scientific knowledge, in mechanisation and industry. Political upheaval was widespread as well; old dynasties fell and experiments in new forms of government began. In all these fields, persons seemed to grasp a greater mastery of their own fates. And yet, even with all humanity's new knowledge and power, one could still be "becalmed." Nature could still do something that simply made you stop. On this occasion, while at sea, Newman wrote the poem "The Pillar of the Cloud," better known by the informal title, "Lead, Kindly Light." It has been set to many tunes, and has become a well-loved hymn.

There isn't room for the whole text, but here's an excerpt:

Lead, Kindly Light, amid the encircling gloom
Lead Thou me on!

The night is dark, and I am far from home —
Lead Thou me on!

Keep Thou my feet; I do not ask to see
The distant scene — one step enough for me.

It's a great expression of trust, and of patience: he doesn't ask to see "the distant scene" — the end of this road, wherever it goes. "One step enough," sufficient grace for the present, is all he asks. Both afflicted with illness, and unable to go anywhere, Newman put his faith in a Light, a Light he knew was kindly disposed to him, and was leading him to safe harbour. May the light of hope and peace bring us all great serenity and acceptance....

Esker Active Retirement Association

Hi everyone,

Today we had thirty-eight members at our club, everyone in top form and we had loads of activities to suit all needs. We played table-tennis, scrabble, whist and bridge and after our tea break, we got on the floor and did some keep-fit exercises. A lot of people came back today for the first time since lockdown and they all enjoyed themselves. It was lovely to see them all back looking so well.

To our members who are out at the moment with Covid, we wish you a speedy recovery. Next week, we have the same sort of activities so hopefully we'll see you all next Wednesday at 1.30pm at St Andrew's Church Hall in Lucan village.

May your beautiful soul rest in peace.

When you are Old by William Butler Yeats

When you are old and grey and full of sleep,
And nodding by the fire, take down this book,
And slowly read, and dream of the soft look
Your eyes had once, and of their shadows deep.

How many loved your moments of glad grace,
And loved your beauty with love false or true,
But one man loved the pilgrim soul in you,
And loved the sorrows of your changing face.

And bending down beside the glowing bars,
Murmur, a little sadly, how Love fled
And paced upon the mountains overhead
And hid his face amid a crowd of stars.

Our Grandad Pat,

You are the brightest star above

Forever sending us your love.

Cost of Living Public Meeting Lucan: Last
week we had a successful meeting on the ongoing
cost of living crisis in Ballyowen Community
Centre Lucan. This Saturday 24th will be the
national demonstration organised by the Cost of
Living Coalition. It will start at 2.30pm at the
garden of remembrance Parnell Square.

Last week of September already! As we pass the Autumn Equinox this weekend, Friday 23rd at 2.03am in Ireland to be precise, we are officially into Autumn, and can enjoy those beautiful colours along

the way. Lucan certainly has its fair share of trees, including Chestnuts, the fruit being abundant this year – it's time for Conkers! And it looks like many of the chestnuts were beaten down in Thursdays heavy rain.

Spotted berries on a Holly Bush last week – in the old days, people regarded this as a sign of a bad winter – the berries were there for the birds to build themselves up in time for the hard weather to come.

Great to see St. Joseph's building project under way. Over the past few years, Lucan Newsletter has reported on planning permissions applied for and granted for school extensions all over Lucan, but for some reason or other, the actual construction does not happen for many years later, when the population has once again exploded!!!

Lucan Swimming Pool..... It was very disappointing to read of further delay to this project. It will most likely cost a lot more money by the time it is finished, if it ever is!!!

Ants – those little critters that invade our gardens in summer! A study recent study has estimated that there are at least 20 quadrillion ants on Earth – that's 20 million billion! Wonder how they counted them!

Our Members and Committee were very moved by the Nationwide Programme on Laura Lynn Hospice and Care Home, and decided top. Everyone contributed very generously to this fund.

Talent Show: The Talent Show is always one of the most eagerly anticipated school events of the year and excitement is already building after auditions were sought for this year's show last week. Audition recordings, no longer than 3 mins duration, are to be recorded at home and submitted to Ms. Ryan via her school email address by Monday 26th September. Ms. Ryan will then work with the Transition Year students editing the recordings that qualify for the Final which is to take place on Friday 28th October. The TY students are to be commended on their initiative, team-work and organisational skills that they have displayed so far. They have taken ownership of the promotion, organisation and running of this year's Talent Show to great effect. They will be putting their creative spin on the audition tapes during the editing process, which is a hugely demanding and time-consuming process. The Talent Show simply would not be possible without their time, energy, enthusiasm and editing skills.

The final edited recordings will then be shown in all classrooms during the school day with each class then voting for their top three acts. The act with the most votes will of course be announced as Talent Show Winners 2022! Rumour has it that the teachers will be making a surprise guest appearance in the Talent Show but this is most likely just some wishful thinking on the part of the students...! We wish all participants the best of luck.

Enrolment 2023: Application forms for admission to 1st yr in September 2023 will be available from the school office from **Monday 3rd October**. Completed application forms must be returned to the school office by **Friday 28th October**. As outlined in the new Admissions Bill last year, students can only enrol a year in advance of starting in post primary school.

Management will visit our main feeder schools with application forms shortly. All relevant information relating to admissions can be found on the Annual Admission Notice located under the information pull down menu on the school website

Open Night 2022: The Coláiste Phádraig Open Night will take place in the school on **Thursday 6th October** from **7pm-9pm**. The Open Night is undoubtedly one of the highlights of our school calendar, with teachers, management, staff and students alike in attendance to showcase what our school has to offer. There will be presentations, guided tours, classroom-based demonstrations and displays, quizzes, interactive games, dramatic

performances and many other surprises and fun activities throughout the school on the night. Primary school students from 5th or 6th class are welcome to attend with their parents/families to check out the fantastic array of modern facilities available in the school.

We ourselves look forward to meeting the prospective students on the night who we hope will join the extended Coláiste Phádraig CBS family in the coming years. This will be the 1st time since October 2019 that we are in a position to hold a full Open Night so it promises to be an occasion not to be missed!

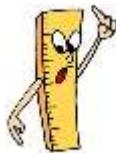

Student Council: The 1st Coláiste Phádraig Student Council meeting of the new school year took place on Thursday 15th September under the stewardship of Mr. Keane. Two new 1st yr students will be appointed after their class elections are held at the end of this month. Mr. Keane will consult with management and Ms. O' Neill, their Year Head, before officially appointing the two 1st yrs. At this stage, a Chairperson and Vice-Chairperson will be appointed.

The 1st meeting was positive and lively as the members took the opportunity to bring up some topics of interest to the student population. They had completed a survey on student voice in the school before the meeting with Mr. Dunne so they came prepared!

Recycling, potential energy savings, fundraising, lockers, trials for the various sports teams and extra-curricular activities were among the topics raised throughout the meeting. 6th yr Ciarán Briscoe also indicated that he is considering applying for a position with the ISSU, the Irish Second Level Students' Union to gain further experience.

The members agreed to meet at least once a month throughout the school year with the next meeting scheduled for Thursday 13th October at 11:10am. We thank the Student Council for their time commitment and leadership in their collective and determined efforts to provide a voice for our student population in Coláiste Phádraig.

Prefects: Our 5th and 6th yr Prefects have been back on full duty since the start of the school year, all delighted to be able to carry out their duties without the limitations and restrictions of the past few years caused by social-distancing etc. The current 6th yr prefects will continue to fulfil their duties until Christmas, at which stage they will turn focus to their exams and studies. Interviews will then be held for these positions with the new recruits beginning their duties in January 2023.

St. Joseph's College

We were delighted to be joined by Emer Higgins TD, Vicki Casserly Councillor, Mark Curran (Smith and Kennedy Architects), Niall Kavanagh (Eamon Costello LTD), Marissa Guest and Peter O Connor from our Parents Association, Paul Sweeney from our Board of Management, Charli Gale and Alena Varghese from our Student Council, Bernadette Fitzgerald (Principal), Barry McCabe, Catherine Bligh and Geraldine Butler (Deputy Principals) to our School ground as we officially marked the beginning of construction on our new school building. This is phase one of a three phase project with a completion time of just over two and a half years. This is a very exciting time for everyone involved with St Joseph's College and we would like to Thank everyone over the years for their help in getting us to this point.

6th Year Higher Options: On Friday the 23rd of September our 6th years will travel to Higher Options in the RDS. The aim of which is to help second level students in making decisions about their studies by meeting directly with representatives from universities, colleges and education institutions from Ireland, the UK, Europe and beyond. Over 160 universities, colleges, institutes of technology and professional organisations participate in this unique expo, and their reps are happy to talk directly with students, parents, and guidance counsellors. Colleges from Ireland, the UK, Europe and beyond provide information for thousands of 6th year students to help them to make important choices on the higher and further education.

Transition Year Information Evening: We held a successful Transition Year Information Evening online via zoom on Thursday last. Well done to Ms. Dunne our TY coordinator as well as our Senior management for giving and insightful overview of the TY programme for the parents of current Transition Years.

Transition Year Trip: On Tuesday our Transition Year group got their first whole year group trip when they travelled to the National Ploughing Championships in Co. Laois. The weather was fantastic and the students enjoyed all that the championships had to offer including food, music, amusements, free giveaways, tractor rides to name but a few activities. This was a fantastic way to kick off Transition Year for this group. There were a lot of cowboy hats to be seen on the way home and I think we have a few converted farmers. Star Chef Nevin Maguire gave a cooking demonstration in the Farmers Journal tent but he required a little help from two of our Home Economics teachers Ms Dineen and Ms Ennis.

Bake Sale: A massive thank you to all of the staff and students who contributed to the bake sale in aid of Harold's Cross Hospice last Thursday. A grand total of €1100 was raised for this very worthy cause. Well Done to Ms. Banks also who organised this event.

1st Year Mass: On Wednesday our First Years had a first year Mass, this service marked the beginning of their journey with us here in St Joseph's College.

6th Year Geography Field Study: On Monday our 6th Year geography students travelled to Kippure Co. Wicklow to carry out their Geography Field Study. This is a vital component of their leaving certificate course equating to 20% of their overall mark. Students carry out a field study of the river Liffey and one of its tributaries, the Athdown Brook, includes a study of landforms. Students measure river velocity, cross sectional area, calculate discharge, they measure and sketch river gradient and record all of the results to include in their project. They were accompanied by Mr. Walsh and Ms. Kearney.

Hurling Championship update: Hurling Championship commenced for the U19s and U17s with some mixed fortunes. Our seniors arranged a challenge match against Na Fianna to keep their preparations on track.

U19A Hurling Championship, Na Fianna vs. Lucan, Mobhi Road 18/09/22: The U19s have been working hard in training and also supporting the club by assisting with the adult teams throughout the summer, which was an enjoyable experience for all the lads and will benefit them in the long term. This meant that the first game back would be straight into championship against a well-practiced Na Fianna. Lucan started well commanding the opening exchanges with some strong fielding and interplay. This was countered by the introduction of a sweeper system by Na Fianna who gathered momentum and Lucan required a couple of fine saves from Canavan keep the score line to within a couple of points, 0-14 vs 0-12 to Na Fianna. Lucan started the second half with some tweaks to the setup, this new structure made it much more difficult for Na Fianna to pressure our defence although they never relinquished the lead, even with some fine interplay to open for goal chances one resulting in free from close range that was deflected right at the end to secure the win for Na Fianna. Final Score 0-25 to 0-22.

U17A Hurling Championship Lucan vs. Cuala, 12th Lock 18/09/22: Confidence is high in this team resulting in some fine interchanges, accurate passing and movement which from the offset made it a very difficult encounter for the Cuala visitors. For most of the game Lucan commanded the middle third of the pitch, although the pressure from this did not tell until the second half when our forwards did some real damage with a couple of goals moving the game out of sight and allowing Lucan mentors to introduce some substitutes who also slotted into this well-oiled machine. Its clear that this team is not only well drilled in the basics but they also support and work for each other. A strong Lucan support enjoyed a smashing game of hurling. Final score 7-15 to 1-13.

Camogie: Our Junior Bs take on N. Peregrine in the Shield Final this Thursday in the 12th lock all support welcome.

Masters Football: Masters meet on Thursday nights and play a reduced-contact Go-Games style football with the emphasis on enjoyment. Players of all levels are very welcome. It's a great way to meet other club members, get some exercise and have a bit of fun. If you are interested, please contact Rory Gilmore at 087 694 5659

Academy: The Academy restarted last Saturday with Alan our GPO, explaining skills to our youngest group. Loads of fun, start of lifelong friendships and a new community - all are welcome. 2017/2018 @ 9am. 2016 @ 10am. 2015 @ 11am. If interested contact Alan on 0866776122.

Celebration: The Men's Shed would like to congratulate Mary & Tommy Flannery on renewing their wedding vows in Italy last week. We hope Tommy can return to the Shed soon!

Golf Society: The Golf Society had a very successful Captain's (Brian Mahon's) Day in Roganstown Golf Club on Saturday last. This last outing of the season was played in glorious sunshine and a very worthy winner, Shane Carton, finally got his hands on a "major" trophy. Michael O'Grady was in second place, with Mick Roche, who also scooped the Golfer of the Year Award, in third. Presentation of prizes took place at an enjoyable function in the Clubhouse that night; thanks to Jackie Foley for arranging this. The Society AGM will take place in the coming weeks. New members are always welcome – please contact outgoing Captain Brian Mahon (087 9254126) or outgoing Handicap Secretary Mick Roche (087 2428419) for details. St. Mary's Camera Soirée

Last Friday as mentioned in my last report members of the group visited the City Assembly House, South William Street to view the spectacular exhibition of recent work by their artist friend, Katherine Geoghegan, entitled BOGLAND

This week many of the members of the group were out and about taking photographs. Josie sent us photographs from Costa de la Luz which is on a section of the Andalusian coast in Spain facing the Atlantic.

Conor sent us more photographs from Sardinia, one of the promontory of Capo Caccia, also known as the Sleeping Giant, the symbol of the town of Alghero. He also sent us photographs of Neptune's Grotto, a stalactite cave near the town.

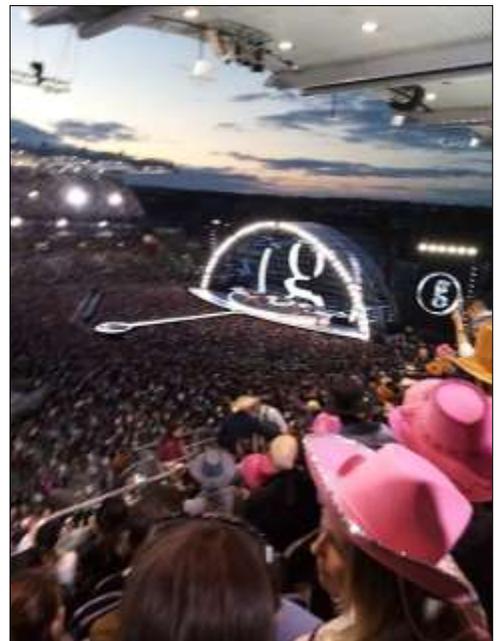

The cave system gets its name from the Roman Sea God Neptune. The grotto is accessible via a short boat trip or you can use the stairway built in 1954 which consists of 654 steps, so that's over 1,300 steps for the return journey.

Nearer to home Willie captured some small crab apples in Lucan and Anna captured vapour trails over Lucan that reflect the rebound in air travel.

Kay produced photographic evidence that she was at the Garth Brooks concert in Croke Park last Saturday.

Until next week stay safe!
